ESTABLISHED A. D. 1878

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JANUARY 3, 1924.

SIXTEEN PAGES.

NEW BANK IS SOUGHT BY BUSINESS MEN HERE

MORE THAN MILLION IN ASSETS
PLEGGED IN APPLICATION
FOR CHARTER.

In the press of Wednesday night notice was given that application has been filed with the Commissioner of Banking at Austin by citizens of Cameron for a charter looking to the organization of a State Bank in Cameron.

H. M. Hefley, former cashier of the First National Bank and for many years identified with this bank, and J. L. Clinton, former assistant cashier of the First National Bank, are to head the new institution if a charter is granted.

While it had been known in close business circles for several weeks that Mr. Hefley had filed an application for a charter for a state bank in Cameron, no public announcement had been made until Wednesday when the afternoon press carried the story from Austin.

It became known today that more than a million dollars in assets had been attached to the application for the charter, number some of the most influential business men and citizens and farmers of Cameron and surrounding territory.

The banking commission composed of the Attorney General, State Treasurer and Banking Commissioner, was to have met and considered the application Thursday.

Mr. Hefley is the most widely known banker in central Texas and his ability as a banker is recognized throughout the state. If the charter is granted Mr. Hefley will no doubt build here a great bank with resulting good to the city and county.

CITY COUNCIL ADJOURNS UNTIL MONDAY JAN. 7TH

WILL CANVASS BALLOT OF
ELECTION AND PASS ORDINANCE FOR WATER PIPES

Adjourning until Monday night January 7 the City Council held a short session Tuesday night in the office of the Mayor at which no business was transacted.

At the meeting to be held on Monday night the ballot of the bond election will be canvassed and the results declared. The council will also have before it an ordinance prepared by City Attorney Webb to require water consumers in the paving area to lay lead connections to the main to make the pipes secure against rust and to avoid the necessity in the future of tearing up the pavings to get to the pipes for repairs.

It is possible that this improvement may be included as a part of cost of paving and can be handled by the city and where property owners cannot pay the entire amount time will be given. It is estimated that the cost per connection will be about \$20. Bids will be asked for this work.

The paving contract has been closed and work has begun on the storm sewer, a part of the construction. The curbing and gutter work will be next in order and then the asphalt will be laid. The program includes about 33 blocks in the mercantile area and the Santa Fe passenger station.

Other paving will be done and efforts are being made now to get the street leading to the Sap depot in the paving area. This will be done if property owners will sign.

BAPTIST LAYMEN WILL MEET TO PLAN FOR BIG BANQUET HERE ON 18TH.

The committee of laymen from the Baptist church will meet this week at a time to be suggested by the pastor Rev. E. S. Hutcherson to make plans for the meeting to be held on January 18 when Dr. F. S. Groner, secretary of the executive board of the Baptist Convention of Texas, will deliver the principal address.

It is probable that the committee from the church will be able to make a report Sunday.

Miss Gladys Watson, who spent the holidays in New York is expected home the last of the week.

FUNDS FOR CHARITIES TO BE RAISED IN CITY

COMMITTEES ARE NAMED TO
ARRANGE FINANCE FOR
THE COMING YEAR.

Finance for the Associated Charities for 1924 will be arranged by committees appointed Monday afternoon at a meeting held in the First National Bank.

The meeting was called for the purpose of discussing plans for the Charities for the coming year and to arrange to raise the necessary funds for the work. January 15 is the date set for the beginning of the drive for funds.

Chairman J. B. White, re-elected for the coming year, appointed the committees as they served last year to raise the money for the charities. The committees are as follows: Committee No. 1, Mrs. W. G. Gillis, chairman; Mrs. W. O. Triggs and B. F. Bonds, Committee No. 2, J. C. Tucker, chairman; Mrs. G. C. White and Mrs. Chas. W. Price, Committee No. 3, Walter F. Sharpe, chairman; Mrs. J. G. Vest and C. R. Phillips.

Monday January 14 is the date set on which the committee are to meet to district the city and to make plans for the raising of the money.

The amount to be raised for 1924 is \$1,000 and it is planned that the full amount will be raised which will be necessary to carry on the work.

Mrs. Chas. W. Price, treasurer for the Charities, reported that in 1923 \$692.10 was raised and that about \$40 in pledges remains to be paid. Indebtedness amounting to from \$350 to \$400 was paid during the year and the Charities now has some \$60 in the treasury.

Mrs. Cora Cammer, head of the Charities, reported that 1923 was unusually light in its demands for charity work and but for this fact a deficit would be shown by the treasurer's report.

The goal has been set at \$1,000 for the reason that this amount will be necessary under normal progress of the work. Other members of the committee present were H. M. Hefley and Wm. M. Cobb.

The committees will raise the money necessary in cash as nearly as possible but installment pledges may be made and are acceptable. By adopting this method of finance last year funds for the operation of the Charities were available at all times and without the necessity of but one canvass.

It is hoped that all the committee members will serve as they did last year and begin the drive simultaneously so that the funds may be raised quickly. The drive has been delayed on account of the holidays.

CARD OF THANKS TO MY FRIENDS.

I wish to extend my friends and patrons my sincere thanks for the nice business you have given me for the last seven years in the barber business. As I am going in business with Lee R. Clore in the Hefley building on Main Street, where you will find us equipped to take care of your every need in Cleaning, Pressing and Gents Furnishings, I ask the pleasure of continuing to number you among my friends and customers.

MARSHALL MODE. BUSINESS CHANGES.

January first has brought about some change in office locations. W. A. Morrison has moved his law office from the Reno building to the Denson building, occupying the rooms over the Star Barber Shop.

Dr. A. B. Guinn, Chiropractor, has moved into the rooms vacated by Mr. Morrison.

The law firm of Chambers, Wallace & Gillis have moved from the Moore building to the second floor of the Lawrence building on Central Ave.

Miss Lalla Meyers is rearranging the interior of her Millinery store and Beauty Parlor which will add to the appearance and comfort of the shop.

Drs. John and Tom Denson, S. J. Denson, Mr. and Mrs. Joe Denson were guests of Dr. and Mrs. W. H. Denson of Ben Arnold Sunday.

Miss Velma Newton of Houston was a guest of Miss Maggie Reed McCown during the holidays.

OWSLEY MAY RUN FOR U. S. SENATOR

"In the event Mayfield is unseated and the race become a free-for-all, I know of no reason why the people of Texas would not send me to the senate."

This statement, somewhat significant at this time, by reason of the controversy that has been inaugurated in Washington by George E. B. Peddy of Houston, who challenges the right of Senator Earle B. Mayfield to sit as the representative in the United States senate from Texas, was made during his stay in Waco Tuesday night by Col. Alvin Owsley, former national commander of the American Legion.

Frequently has Col. Owsley been mentioned as a probable candidate for governor, but the latter placed a

quietus on this rumor a month ago, by declaring that he would not seek the gubernatorial nomination.

His statement, Tuesday night, indicates that he may, in the event of certain contingencies, enter the political arena in Texas.

Col. Owsley, who has been a resident of Denton, has removed to Dallas, where he has formed law partnership with Geo. T. Burgess of that city. Robt. G. Story of Tyler and Maco Stewart, Jr., of Galveston, the firm to known as Burgess, Owsley, Storey and Stewart. Col. Owsley was assistant attorney general during the administration of Governor W. P. Hobby, while Mr. Storey recently resigned a similar position to which he had been appointed by Governor Pat M. Neff.

CITY MAY CONSTRUCT SIDEWALKS IN PARK.

The city has an estimate of cost for the construction of sidewalks around the two parks and it is probable that arrangements will be made for the building of the walks. For some time it has been planned by the city to improve the parks but it has been neglected for various reasons.

The city will get at this matter as soon as possible and will ask the cooperation of the Civic League. The city also wishes co-operation in the planting of trees in the park and to begin a civic program that will in a few years make of this one of the best parks in the country.

Mr. and Mrs. J. P. Stroud left Tuesday for Vivins, near Texarkana, where they have bought a farm and will make their home.

IRVIN COBB NOT FOUND BY TEXAS GAME WARDEN.

Houston, Jan. 2.—Irvin S. Cobb, New York writer, named in a warrant held by Texas officers charging violation of the State game law, is not likely to fall into the clutches of the officers at this time, it was said here today by friends, who declare that he has been in New York for two weeks.

It was understood yesterday that officers expected to serve the warrant within a day or two, as they thought Cobb was on a fishing trip off Aransas Pass yesterday, but the information published in local newspapers today was to the effect that Cobb is not now in Texas.

The complaint against Cobb charges that he took out a hunting license under the name of Davis and that he bought a \$2 resident, instead of a \$15 nonresident license.

Chevrolet Theme Contest Is Attracting Attention

Considerable interest is being manifested in the theme writing contest by the White-House Motor Company of Cameron in which a number of cash prizes are offered for the best written essays on "Economic Transportation and How Chevrolet Fills the Demand."

This contest will in all probability attract a great deal of attention among the school children of the county. All school children are eligible and in fact none are barred from entering this contest to submit an essay of 1500 words or more.

Judges are to be selected to read these essays and to determine the winners.

High school students should be especially interested and schools should take an interest in this contest because of its development of the importance of transportation.

Six prizes are offered, ranging from \$40 downward. The contest closes on February 15 when judges will meet and award the prizes. If you have not submitted a theme get busy today and write of this interesting topic and earn a prize.

MAJOR IS FOUND DEAD— PISTOL BY HIS SIDE.

San Antonio, Jan. 2.—Maj. A. R. Gardner, executive officer of the Fourth Field Artillery, Fort Sam Houston, was found dead in his room of the Regimental Officers' Club at 8 o'clock Wednesday morning by a orderly. An automatic pistol, .45-caliber, was lying on the floor near the body, out of which one cartridge had been fired. The officer had been shot in the head.

Major Gardner was dressed in civilian clothes when his body was discovered by the orderly. The door of his room was not locked, and several letters to officer friends were on a writing table. The letters are being held by a board of officers appointed to investigate the case.

Major Gardner was dressed in civilian clothes when found. There

were no witnesses to his death, and no one heard the shot. His home is at Colorado Springs, Colo., and relatives there have been notified of his death. Major Gardner was not married.

Major Gardner first entered the military service in 1916, serving with the field artillery of the Colorado National Guard. He served through the World War and at one time held the rank of lieutenant colonel.

CARD OF THANKS.

We wish to express our thanks to our friends for the kindness and expressions of sympathy to us during the sickness and death of our precious little children. May God bless you.

Mr. and Mrs. H. A. Bozeman.

Mrs. A. C. Woodruff of Gause was here shopping Saturday.

PAY YOUR POLL TAX

1924 is election year. Pay your poll tax and have a voice in the selection of officers to administer the government in Milam county, and the State of Texas. The last day on which poll tax may be paid is January 31, 1924. Do not wait till the last day but go now and pay your poll tax.

All officers are to be elected next year from City to President. City elections are in February, county elections in July and State elections in July, national election in November. Pay your poll tax now!

HEFLEY MOTOR COMPANY MAKES SALES RECORD

HIGHEST PERCENTAGE OF ANY
AGENCY IN THE HOUSTON
DISTRICT IS MADE.

A tribute to salesmanship as well as denoting the rapid growth of Cameron are both found in the remarkable sales record just made by the Hubert Hefley Motor Company, local Ford automobile dealers.

From December 10 to December 20 the company sold 32 cars and trucks the highest number of any agency in the classification and also a higher sales record than agencies of higher distribution per centage in the territory.

The Ford Motor Company on October 1, 1923, set its goal at one million cars to be sold within six months. Agencies are grouped under district distribution plants and Cameron is in the Houston territory. Agencies are classified according to the number of cars they sell and can handle. These classifications are 1 to 200 cars; 201 to 500 cars and 500 cars up.

The Classification of the Hubert Hefley Motor Company is 201 to 500 cars. By reason of good sales records the agency is advanced in the line of preferred dealers and units of credit are earned and extended by the Ford Motor Company.

The Hubert Hefley Motor Company during the ten days referred to not only sold more cars than any other agency in its class but outsold any agency in the 501 and up class which is a good indication of the energy of the agency as well as denoting fine commercial strength for Cameron and the territory.

GOVERNOR AL SMITH SENDS BOOZE MESSAGE.

Albany, N. Y., Jan. 2.—Further efforts for modification of the Volstead act were suggested in Governor Smith's message to the new legislature today. He urged that New York's representative be asked to lay before the present congress a memorial adopted by the last legislature.

"The last session of this legislature," said the message, "memorialized congress by resolution to change the present narrow, senseless definition of what constitutes an intoxicating beverage as set forth in the Volstead act to the end that there may be permitted the sale and manufacture of light wines and beer under the careful restrictions set forth in our legislative enactment of 1920. (This enactment was a law legalizing the manufacture and sale of 2.75 per cent beer, which was declared unconstitutional by State courts.)

"Subsequently the legislature further defined the policy of the state in relation to this subject by the repeal of the state laws which in effect left enforcement of the Volstead act which both state and federal government and left the prosecution for violation of the Volstead act entirely with the federal government. It must be remembered, however, that this did not and cannot and will not bring about a change in the present definition of what constitutes an intoxicant.

"Inasmuch as we have a new congress now in session, I suggest that by resolution properly adopted you call the attention of our representatives from this state to the action of last winter and request them to lay it before the present congress."

MISS CHATHAM ON VACATION.

Miss Logia Chatham, head of the millinery and ready to wear department at the Louis S. Pierce Dry Goods store, leaves Sunday for her home in Saint Louis where she will have a two weeks vacation with her sisters and friends. After this she will go to the markets for spring buying. She expects to be back in Cameron by February 15, with a nifty line of spring goods.

NEW HOME GOING UP.

A. R. O'Neal, who recently bought the lot on North Travis, known as the old Greer property, is busy with a force of carpenters this week putting up his new home. With favorable weather, it should be ready for occupancy in a few weeks and will add materially to the appearance of the block. Mr. O'Neal moved in from Hays in the early fall.

STEVE LEWIS IS BY FORT WORTH

ONE OF COMPANIONS WHO
ATTEMPTED ARREST OF
OFFICERS THERE.

Steve Lewis of Cameron police in Fort Worth following there on Sunday night. Officers found him in company with other men in a reported burglary.

The other men, both of whom still at large, are Star and D. latter having recently been bonded in Milam county where by Sheriff Rogers in connection with burglaries in Cameron.

In a long distance conversation with Deputy Sheriff N. O. Kennedy, the chief of police in Fort Worth said that Lewis was under arrest but that his two companions had escaped. Star was said by the police chief to have been shot in the leg and wounded as he made his escape. Dennis escaped when surprised by the officers and officers here are looking for him.

Lewis who was reared in Cameron has a police record. He is now under indictment in Williamson county for burglary and these cases are to be tried in the near future. Dennis only a short time before his arrest in Cameron was released from the state prison. When arrested in Cameron he said he was a professional gambler and had just finished a crap game with some negroes in the railroad section of the city.

The man Star is said to be one of the noted Star brothers who are well known for their records in Oklahoma, and officers here think he was recently pardoned by Governor Joe Walton in Oklahoma.

NEW GENTS FURNISHING STORE TO BE OPENED

LEE CLORE AND MARSHALL
MODE WILL OPEN GENTS
FURNISHING STORE.

Lee R. Clore of the Quality Tailors, located in the Herald building and Marshall Mode, former proprietor of the Palace Barber Shop, will soon open a gent's furnishing business in the Hefley building on Main street. This building is now being completed for these parties and is one among the six buildings under construction.

These gentlemen have many friends here who will wish for them great success in their new undertaking. Mr. Mode has been engaged in the barber business for the past several years while Mr. Clore has for the past two years conducted a tailoring business, prior to that time having been identified with tailoring business in Cameron.

MISS MEYERS GOES TO MARKET.

Miss Lalla Meyers will leave next week for eastern markets. She will spend several weeks studying the late spring styles and will return with a well selected stock of up to date head gear. Her shop is undergoing extensive repairs at present and will be practically a new place at the spring opening.

DR. GUINN MOVES HIS OFFICE TO RENO BLDG.

Dr. A. B. Guinn, Chiropractor, has moved his office from the Star Products building to the Palace of Sweets building, taking the offices formerly occupied by W. A. Morrison, attorney and Dr. G. B. Taylor. Dr. Guinn will be better prepared to take care of his patients in these new quarters and his business has grown to large proportions during the past two years.

A CORRECTION.

In the last issue of the Herald in reporting the results of the bond election the vote registered against the sewage disposal plant was given as 140. The number of votes against the plant bonds was 116 giving a majority of 53 votes. The total number of votes against the school bonds was 140 giving a majority of 15 votes in favor of the bonds.

WATCH PARTY.

A Watch Party at the home of Hooks Slocomb Monday night brought the eighth grade boys and girls to- gether for an evening of fun and rolle. A faithful watch was kept and the year ushered in with ceremonies fitting the event. A refreshment treat was served by the mother hostess.

AFTERNOON RECEPTION.

The reception given last Friday af- ternoon by Mrs. Wm. R. Rogers in honor of her daughter, Miss Eloise, was one of the happy affairs of vacation week and brought together a coterie of school friends who are at home for the holidays. Christmas decorations, shaded lights, red roses and the handsome gowns worn by the honoree and guests combined to make this an elaborate social function. Miss Dallis Young, gowned in black art velvet, met the guests at the door and presented them to the receiving line. In line with Miss Eloise were the following young ladies nearly all of whom are at home from the various schools over the state: Misses Mar- tha Lou Hooks, Pauline Green, Lu- cille Camp, Lois Camp, Mary Frances Green, Olive Henderson Mary Jo Harlan and Sallie Coleman. Misses Mary Young and Eugenia Wallace poured tea and Misses Velda Walker and Lou Davis assisted in serving. Miss Olive Henderson gave a vi- olin solo, Miss Louise Denson a read- ing and Miss Lillie Kate Beckerman a piano number during the afternoon.

CLASS REUNION.

Thirty members of the 1923 Class met in reunion Friday evening, De- cember 28, at the Bigbee House. Delightful informality characteriz- ed the evening and a splendid repast was served. Table decorations were in green and white, the class colors. Misses Amelia Williams and Ten- nie Mae Bass were special guests.

CLASS PARTY.

Don Slocomb, Jr., was host Satur- day night to a party of thirty school friends at the home of his parents, Mr. and Mrs. D. B. Slocomb, at their country home on the Ben Arnold road. The invited guests met at the

home of Hooks Slocomb where cars were waiting to drive them out. Mesdames B. Slocomb and B. P. Atkinson were chaperones. After a most delightful evening's fun, hot chocolate with marsh mallows was served with white cake. The plate favors were cards announcing a Watch Party for the same crowd at the home of Hooks Slocomb, December 31.

NEW YEAR PARTY.

Miss Lillie Kate Beckerman entertain- ed with an attractive luncheon Monday evening in compliment to 12 members of the senior class. The home adornment was artistically pleasing, ferns and poinsettias form- ing the back ground for a color scheme of red and green. At 12 o'clock horns, whistles and bells were distributed from a Christ- mas tree and the new year was joy- ously greeted. Hot chocolate and cake were serv- ed before the guests departed.

METHODIST RECEPTION.

Naming the charter members as honor guests, the Methodist Mis- sionary Society entertained in the basement of the church Monday af- ternoon. Christmas greens, bells and roses made a neat decoration for the reception rooms and a number of ladies, members of the society and of other church auxiliaries; called dur- ing the hours. A program of music and readings was an attractive feature. The retiring and the newly elected officers stood in line with the honor guests. Hot chocolate with whipped cream was served with white cake.

WATCH PARTY.

Miss Lorene Plentle was hostess to a few friends Monday evening at her home on West Third street. Music and games and a refreshment treat of hot chocolate and cake kept the guests entertained until the mid- night hour and the dawning of a new year.

WEDDING ANNOUNCEMENT

The followin gannouncement will be read with interest by friends of the contracting parties: Mrs. Stella B. Green announces

the marriage of her daughter, Laura Lillian to Mr. Cecil D. Hall, Wednes- day, December 5th, 1923 at First Baptist church, half past seven Columbus, Ga. At home. The bride is a former Cameron girl, daughter of Mrs. Stella Batte Green of San Antonio and a niece of Mr. Dan Tyson of this city. This romance dates back to war times when the groom was a soldier in training at Camp Travis. Many friends in Cameron will send congratulations.

HELP THE BIRDS.

Millions of dollars are lost to agri- culture every year through harmful insects. The birds are their natural enemies. They also destroy the seeds of weeds, act as scavengers, and in the winter eat eggs and grubs of insects. Most states having ornithologists have requested that persons kindly disposed towards birds place food in their usual haunts. The cold season is here and, with regular supply of food cut off, the birds are now facing the period in which there is great danger of extermination by starva- tion. Although the songsters have migrated, the ones remaining deserve attention. A little grain will do much to re- lieve the birds' distress during the winter. Or, if this is too much trouble table crumbs thrown to them will be welcome. Watching the cat will also be appreciated, and this a small enough compensation for services ren- dered.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brew- ing a mixture of Sage Tea and Sul- phur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sul- phur enhances its appearance a hun- dredfold. Don't bother to prepare the mixture; you can get this famous old recipe im- proved by the addition of other ingre- dients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be de- pended upon to bring back the natural color and lustre of your hair. Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another applica- tion it becomes beautifully dark and appears glossy and lustrous.

WM. ROGERS

Farm loans made payable on or before. Cameron, Texas.

WOULD MAKE FARMER LOAN DEPEND ON PRACTICE OF CROP DIVERSITY

Farmers and Bankers Are Economic Team Mates, but Obligation Rests on Farmer to Protect Soil and Balance Crops, Says D. H. Otis.

By D. H. OTIS

Director, Agricultural Commission, American Bankers Association.

THE banker may properly be considered the team mate of the farmer, and as such must work in perfect harmony. Economic conditions demand it. The work is too heavy. It requires a team. The interdependence of the farmer and banker is so close that self-preservation demands that they pull together. If agriculture fails we all fail. There are no two industries that offer greater opportunities for mutual helpfulness, for increasing profits and bank deposits than do banking and farming.

D. H. Otis

The Banker-Farmer movement presents a program that reaches down through the surface to the very roots of things. It recognizes the truth that bank prosperity depends not upon the prosperity of a few but upon the prosperity of all and especially of the average man and the average woman. In the last analysis we must recognize a community of interest, "each for all and all for each."

Periods of low farmer purchasing power are invariably followed by a decided increase in the number of business failures. When the income per acre is increased from one to two dollars there is a direct effect in decreasing the number of business failures and, vice versa, with a decrease of one to two dollars in the income per acre, business failures mount steadily upward.

City Bankers and Country Conditions

Bankers, if anybody, are affected more quickly and more directly than other business men. A period of agricultural depression is immediately noticeable in the balances that the country bank carries with its city correspondent. City banks are beginning to recognize this. Many of them are taking an active interest in the Banker-Farmer movement.

There are some fundamentals in farming with which all business men should be familiar. A bank would not long succeed if it should continue to use its capital stock for running expenses. Neither will the farm. Farmers have been living not upon the interest from their investments but upon their principal. Almost every effort by American farmers has resulted in decreasing the fertility of the soil. The banker who drives into the country and observes this process of mining the fertility from the land should feel that to that extent the resources of his bank are being sapped.

Yet some of our bankers are continuing to loan money to the one-crop farmer. When such a farmer comes around for a loan the banker should make the loan on the condition that he keep at least one cow, one sow and a couple of dozen hens, at least enough livestock to feed his own family. Agriculture is sick, production is unbalanced. Farmers are paying freight and other overhead charges on

food products they ought to be raising at home.

Less Time for Agitators

More diversified farming may mean less automobile riding; it ought to. Our economic problems cannot be solved unless we are willing to work. The one-crop farmer is not performing his share of work. He needs profitable employment throughout the year. Loafing on the farm ought to be made unpopular. Business men work throughout the year. Why shouldn't the farmer? If he did, there would be less time to listen to the agitator. The latter only increases discontent, makes men less capable and prolongs the time of recovery. The farmer must work his way out and not look in vain for the Government to legislate high prices.

But if we get our farmers to working full time will we not have over-production? This over-production cry blinds us to the real issue. There may be times when certain crops, because of climatic or economic conditions, are unprofitable and yet there are other crops that are profitable in a well worked out system of diversification. In the livestock sections we seldom hear of an over-production of alfalfa or clover. In all sections of the country we are importing either feed or feed that we ought to be raising at home. Our cropping systems need to be readjusted to meet present needs. We need to do just a little more constructive thinking.

Now that the bond issues for the school and sewage disposal plant have carried the next step in the constructive program of public improvement will be the wise expenditure of this money or as much thereof as may be necessary to meet the needs of these two projects. The Herald believes in the ability of the school board to solve this particular expenditure to the best economic interests of the tax payers and at the hazard of offering suggestions advances the belief that not all of the \$150,000 issue, will be necessary for the school needs for the reason that it now appears that the old grammar school may be renovated or repaired to such an extent that it can be made secure for future use. A liberal portion of the bond

money should be used for the building of a brick school building for the negro citizens who now have very poor housing and equipment. If the school needs of the city can be met with an expenditure of only \$75,000 and not to exceed \$100,000 a considerable saving will have been made and so much of the bonding capacity of the city, though not accountable to schools, will be saved. In the matter of the disposal plant the plans have been made and have been approved by the state board of health. The estimate for this improvement was \$25,000 at the time of the election and while no condition has developed to indicate a lesser expenditure, the power of competitive bids will in all probability reduce this amount as in case of the

sewer extension fund when nearly \$3,000 was saved from the \$14,000 issue. We believe the board of trustees and the city council will do well to yield to business opinion in the matter of shaving the school expenditure, if of course, it should appear possible and the best interest of the school may be served on a lesser amount.

HEATING AND COOKING PROBLEM HAS BEEN SOLVED.

Economy and Cleanliness Features of New Bailey-Brooks Burners.

Two San Antonians, Cole Y. Bailey and Leon D. Brooks have recently brought out a new and wonderful device that generates kero-

sene oil into a vapor gas dust and dirt, reduces the does away with all irks connected with coal or wood. Two be quickly installed in ranges and BAILEY-BROOKS BURNERS, Auburn 405 Main Avenue, San Antonio looking for representative parts of Texas and will supply strating burner free to the immediately accepts their agency. No purchase of burners or stipulated number to be is necessary to obtain agency. today for full particulars. are pouring in from all parts of state. Their burner is "San Antonio" and guaranteed absolute satisfaction.

The New ESSEX

A SIX

Built by Hudson under Hudson Patents

Essex closed car comforts now cost \$170 less than ever before. Also with this lower price you get an even more attractive Coach body and a six cylinder motor built on the principle of the famous Hudson Super-Six.

It continues Essex qualities of economy and reliability, known to 135,000 owners. It adds a smoothness of performance which heretofore was exclusively Hudson's. Both cars are alike in all details that count for long satisfactory service at small operating cost.

You will like the new Essex in the nimble ease of its operation. Gears shift quietly. Steering is like guiding a bicycle, and care of the car calls for little more than keeping it lubricated. That, for the most part, is done with an oil can.

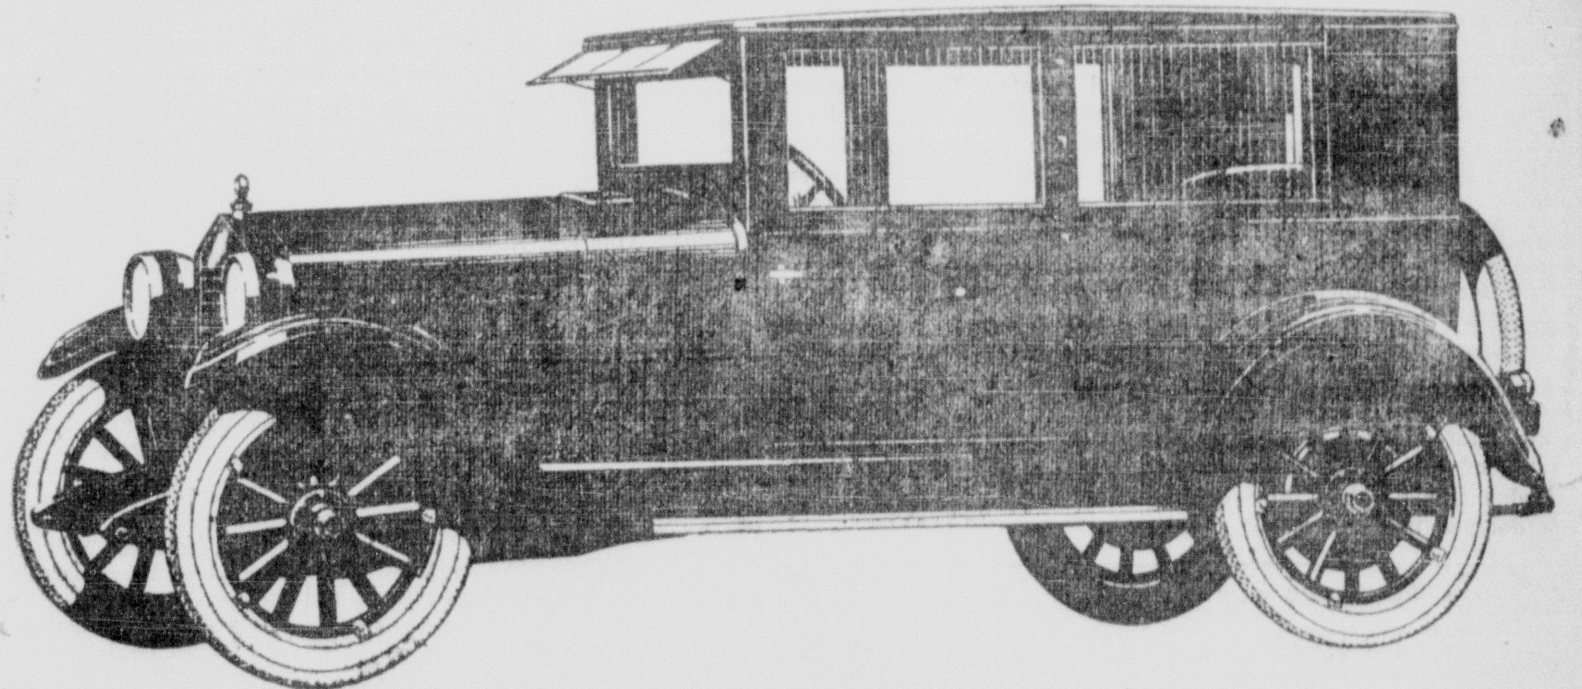

The chassis design lowers the center of gravity, giving greater comfort and safety, at all speeds, on all roads. You will be interested in seeing how this is accomplished.

Greater fuel economy is obtained. The car is lighter, longer and roomier. You will agree that from the standpoint of appearance, delightful performance, cost and reliability, the new Essex provides ideal transportation.

HOW THE NATION IS PROTECTED FROM SERIOUS DISASTER

A vital element in everybody's prosperity is that mysterious sounding "something or other" called bank reserve, says the Committee on Public Education of the American Bankers Association, adding: "It isn't an easy matter to make simple and interesting, but its importance to every man, woman and child in the country makes the effort worth while." The Committee continues:

Money on deposit must always be ready for depositors when they desire it. Banks must also be ready to loan money, when needed, to their customers or business would be hampered. In other words, prosperity depends largely on the ability of the banks to meet these demands—that is, depends on the "bank reserves." The problem of handling reserves has been difficult. The Federal Reserve System has met the problem more satisfactorily than any other method ever tried in this country.

The Great Solution

Our banks are managed by officers and directors, elected by their own stockholders. They are interested in helping the town to grow and prosper. But just as a local telephone station is valuable to the interchange of thought because it belongs to a system whose wires reach to all parts of the nation, so the local bank is valuable to the interchange of business because of its connections with other banks in the United States, finding its strength and its usefulness in being part of a system.

For many years a plan was sought, whereby our thousands of separate and independent banks could get together and cooperate for the improvement of our banking methods, and for mutual protection in emergencies, both for themselves and customers. We had periodical money panics, dangerously disturbing to business, and chargeable, in large part, to defects in our banking and currency system.

There was no central bank from which the individual banks could get assistance in time of trouble. Panic conditions caused weak banks to fail, and even strong and sound institutions to be imperilled. Bankers, business men and leaders in Congress for years made a careful study of banking and finally Congress passed a law providing for the establishment of twelve great Federal Reserve Banks, each designed to serve as a sort of central bank for such banks. It is allotted territory as might become members of the Federal Reserve System.

It retained the American plan of independent banks doing business under the management of their own directors and officers. About 10,000 banks have become members of the Federal Reserve System. The member banks in each district own the entire stock of the Federal Reserve bank there, and elect two-thirds of the directors. The other directors are appointed by the Federal Reserve Board at Washington, the Governmental body having supervision over the Reserve banks, though it does not operate them. Its members are appointed by the President of the United States.

The Federal Reserve banks hold member banks' reserves. Formerly

each bank carried in its own vault the cash required by law as a legal reserve so that it would be ready to pay depositors on demand. The gold supply of the country was thus scattered among thousands of independent banks.

When Fire Rages

This situation may be likened to the old-time water supply in a town. Each house had to depend on its individual well, tank, or cistern. Picture such a town attacked by fire. If the water was low in one well, from drought, or excessive use, water would have to be borrowed from a neighboring well. Suppose the water in that well also was at a low level. Thus the safety of all was sacrificed because no RESERVE water supply was at hand. The fire would become a conflagration.

Under the Federal Reserve System we have a series of modern reservoirs located in various parts of the country, each serving the needs of the banks in its own district. In each of these reservoirs credit is stored up to be supplied to the various banks, as the need arises. Each reservoir is in turn connected with all the others so that when the supply in one becomes low the others may be temporarily drawn upon. By gathering the gold reserves of the member banks into the twelve Federal Reserve banks, a result has been obtained like that yielded by the construction of a great city water supply.

Each member bank formerly had to depend almost entirely upon its own resources in making loans to its customers. When it had loaned all of its own money, it could do no more, even though the merchant, manufacturer or farmer customer had great need of more credit and was seeking it for highly important and necessary purposes. Hence arose what was called a "tight money" situation. Now the member bank can, and frequently does take the notes of its customers to the Federal Reserve bank, and borrows there in much the same way as the customer borrows from the member bank.

This reserve-storing and loaning work of the Reserve System is only part of the wonderful protection and service it is rendering the nation.

THE HOME NEWSPAPER.

There is anything in your town talking about 10 chances to your own newspapers had a hand in it there. If anybody be the walls of your burg ever that there is such a place as three corners it will be thru the newspaper.

Every town gets its money's worth from the home newspapers. It's the one that carries all your goods to the door and ought to be kept in good running gear. It will pay to grease, paint and run its running gears in good and shelter.

In the guardians and defenders of every interest, the forerunners of every movement, the sturdy advocate of law and order.

HORSE COMING BACK.

Predictors of the horseless age that of the fact that there is a movement to reckon with, beginning of the mere usefulness of the horse. Human gratitude for career of service, without recognition would not have resented strides, has created attachment between man and horse that will not be easily broken. The time when man first tamed the docile and tractable steed of the ox, as a domestic work animal, is doubtless of greater age, but the horse was known as a military animal first for cavalry and later for use, nearly as long ago as the written records of history extend. In the wars between Persia, Egypt and Greece the side was often victorious that had most and the best horses. The steed of the Arab is a classic of primitive romance. Those nations that made the best use of the horse made the most rapid progress in the evolution of culture.

OUR WILD GAME.

At 50 per cent of the wild denizens of field and woodland will have with their life this year because of the use of the automobile in hunting, the statement of Dr. William T. Henshaw of New York City. That is, the modern hunter can cover far more territory than he could be covered by the hunter who on foot or followed after a horse. Henshaw says that four times the area can be covered by the automobile hunter. The distinguished director of the New York State Game Commission thinks that our game is doomed unless protection is given.

RELEASED WEEK OF DEC. 31.

GETTING THE IDEA

Closer fellowship between bankers and farmers was urged and a resolution adopted affirming faith in the efficacy of the cooperative marketing idea at a meeting of the American Bankers Association held in the city of Dallas, Texas, December 11th.

Now that the bond issues for the school and sewage disposal plant have carried the next step in the constructive program of public improvement will be the wise expenditure of this money or as much thereof as may be necessary to meet the needs of these two projects. The Herald believes in the ability of the school board to solve this particular expenditure to the best economic interests of the tax payers and at the hazard of offering suggestions advances the belief that not all of the \$150,000 issue, will be necessary for the school needs for the reason that it now appears that the old grammar school may be renovated or repaired to such an extent that it can be made secure for future use. A liberal portion of the bond money should be used for the building of a brick school building for the negro citizens who now have very poor housing and equipment. If the school needs of the city can be met with an expenditure of only \$75,000 and not to exceed \$100,000 a considerable saving will have been made and so much of the bonding capacity of the city, though not accountable to schools, will be saved. In the matter of the disposal plant the plans have been made and have been approved by the state board of health. The estimate for this improvement was \$25,000 at the time of the election and while no condition has developed to indicate a lesser expenditure, the power of competitive bids will in all probability reduce this amount as in case of the sewer extension fund when nearly \$3,000 was saved from the \$14,000 issue. We believe the board of trustees and the city council will do well to yield to business opinion in the matter of shaving the school expenditure, if of course, it should appear possible and the best interest of the school may be served on a lesser amount.

LIFE WITH PLANTS AND ANIMALS.

People who have never tried life on a farm have no idea of the satisfaction that comes to a normal minded man or woman from living with growing things. There is a wonderful sense of companionship in farm animals. The man who treats them kindly finds they are warm friends, and there is something almost human in the response that they give to the considerate master.

Even the flowers and vegetables in the garden seem almost to have personality. They make a grateful response to the effort put forth to rescue them from weeds and to give them water in the dry times, and seem to say, "Thank you," by redoubling their efforts to grow and flourish. There are many rewards of happiness in this contact with nature, which is more satisfying than artificial pleasure.

HELP THE BIRDS.

Millions of dollars are lost to agriculture every year through harmful insects. The birds are their natural enemies. They also destroy the seeds of weeds, act as scavengers, and in the winter eat eggs and grubs of insects.

Most states having ornithologists have requested that persons kindly disposed towards birds place food in their usual haunts. The cold season is here and, with regular supply of food cut off, the birds are now facing the period in which there is great danger of extermination by starvation. Although the songsters have migrated, the ones remaining deserve attention.

A little grain will do much to relieve the birds' distress during the winter. Or, if this is too much trouble table crumbs thrown to them will be welcome. Watching the cat will also be appreciated, and this a small enough compensation for services rendered.

A great deal of caustic comment is printed regarding the proposed restrictions of immigration, registration of aliens and the attempt to secure quality rather than quantity of incomers from the old world. Their arguments, boiled down, usually read "America should hold out a welcome to all; the country is big enough for all; we are all sons and daughters of immigrants; immigrants made this country; we need immigrants for labor; to restrict or register is, Czaristic, not American."

It is true we are all "sons and daughters" of immigrants; it is true that the immigrants we have had have done much to develop this country. But as times change, so must methods. When we need pioneers, farmers, laborers, tillers of the soil, we received the best Europe had to offer. Not often does such an opportunity come; a new country, a new freedom, land for the asking. Of course the yeomanry of Europe seized the chance and the land, came west, grew up with the country, helped make America, America.

But today good land cannot be had for the asking. The pioneer days are over. American civilization has grown complicated. It takes more than willing hands and a stout heart to succeed here now. There must be a measure of education as well. Meanwhile, Europe is an impossible place for the diseased, the ignorant, the uneducated, the vicious, to live. The best equipped have none too easy a time; the worst equipped want to get out—out anywhere—but especially "out to America."

We still need, want and welcome good men and women, who can and do become good Americans. But the time has passed when we can get them only by opening wide the door. The door must be shut, to keep out those who hurt, not help, the nation, and only put a little ajar for that thinning stream of the best kind of men and women, who are able to take advantage of the modern opportunities of modern America, as their forebears were able to take advantage of the opportunities of American pioneer days.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in N Strips Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

WHEE THE RAINBOW TOUCHES THE GROUND

The family cat died. The farmer who owned the cat, in digging the grave discovered a substance which proved to be marl. This farmer had been hauling limestone a long distance for his alfalfa fields. In conference with his county agent, he discovered that marl would take the place of lime in correcting the acidity of his soil. This experience led him to the use of marl that existed on his own farm and saved him much time and considerable expense in hauling.

Similar opportunities have existed and still exist. Many farmers in the middle west will recall what a pest sweet clover used to be. Now this pest is being used profitably as hay and pasture for livestock and as a crop to be plowed under for increasing the fertility of the soil.

Kansas is called the "Sunflower State" and those who have lived there will well remember how they have fought this weed. Today sunflowers are being grown as a crop, as feed for chickens and it is also being utilized with or without corn as a suitable crop for the silo.

It is surprising to discover how many things which were frowned upon in days gone by are now serving a useful purpose. These changes have been brought about by observation and study. Brains count on the farm as elsewhere. The man who thinks while he is performing physical work is not only opening up the way for larger profits but he is removing the word drudgery from his vocabulary and is transforming what used to be a drudgery into a profitable pleasure. —The Banker-Farmer.

BANKERS HELP THE KIDS

Northern Michigan Bankers are out to give the youngsters in their part of the country a lift on the road to better dairying. A group of bankers met with some of the agricultural men in their section and pledged their support in backing up calf club work.

Her Very Own Pig—A Boys and Girls Club Member

Virginia, Minnesota, Bankers have faith in "kids." Meeting with a committee from the Virginia Chamber of Commerce they formulated plans for the establishment of Calf Clubs and "Pure Bred Bull Associations." Banks all over St. Louis county have pledged their support to this work.

An Arkansas bank loaned a youngster \$70, in 1920. The boy bought a purebred Poland China gilt from a breeder in a neighboring state. Being the first purebred gilt brought into the county for boys and girls club work, she has furnished more stock than any other sow in the section. With the start that the bank gave the youngster he has been able to refute the claim that hog raising in his county was not profitable, for at the present time he has more than \$1000 to his credit as a result of the original bank loan and investment.

REMARKABLE SAVINGS FIGURES

Remarkable progress in the savings habit in the United States is shown in figures presented to the recent convention of the American Bankers Association by Samuel H. Beach, president of its Savings Bank Division.

In 1921, Mr. Beach showed, twenty-six million people had savings accounts aggregating \$16,618,595,000. In 1922, there was an increase of over four per cent, bringing the aggregate up to \$17,300,000,000. Similar statistics for 1912 showed that the aggregate was only about half as much as in 1922 or only \$8,433,000,000.

Mr. Beach's report on school savings banking showed that practically two million pupils are now participating in school banking systems, an increase of 34 per cent as compared with last year and 8 per cent as compared with 1921 while the total of the actual funds deposited last year was \$2,100,000 as compared with \$5,775,000 in 1921 and \$2,323,000 in 1920, an increase of nearly 50 per cent in three years.

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Milam.

By virtue of a certain Writ of Execution issued out of the Honorable County Court of Milam county, on the 26th day of December 1923, by H. M. Roark, clerk of said court against Mrs. J. H. Gandy for the sum of Two Hundred Nineteen and 14/100 (\$219.14) Dollars with 10 per cent interest per annum thereon from Dec. 4th, 1923 and \$21.91 attorney's fees and costs of suit, in cause No. 4900 in said Court, styled Schiller Buick Company, a firm of which A. E. Schiller is owner and manager versus Mrs. J. H. Gandy and placed in my hands for service, I, D. S. Rogers as Sheriff of Milam county, Texas, did on the 26th day of December, 1923, levy on certain Real Estate, situated in Milam county described as follows, to-wit:

All that certain tract of land being and situated in the county of Milam and State of Texas and a part of the J. A. De Pena 11 league survey; beginning N. 51 W. 65 vrs. from the S. W. cor. of J. A. Hopkins survey for the N. E. cor. of this survey and running thence S 19 W. 840 vrs. to the S. E. cor. of Elm brs. S. 11 W. 95 vrs. and another N. 88 W. 29 vrs. thence N 71 W. 900 vrs. to a cor. a hackberry tree brs. N 64 E. vrs. and an Elm brs. N. 25 W. 3 1-2 vrs. thence N. 19 E 40 to vrs to a corner an Elm brs. S. 80 W. 4 vrs. thence N. 71 W. 420 vrs. to the creek for the SW. corner an ash brs. S 88 E. 3 vrs. and an Elm brs N. 33 7 1-2 vrs. thence up the creek with its meanders as base line 640 vrs. to a corner, thence S. 19 E. 160 vrs. to the NW. cor. an Elm brs. S 88 E. 2 vrs and another brs. N. 53 E. 3 vrs. thence S. 71 E. 1510 vrs. to the place of beginning, containing in all 100 acres of land and levied upon as the property of said Mrs. J. H. Gandy, and on the first Tuesday in February 1924, the same being the 5th day of February, 1924, at the Court House door of Milam county, in the City of Cameron, Texas between the hours of ten A. M. and four P. M., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. J. H. Gandy by virtue of said levy and said Writ of Execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 26th, day of December 1923.

D. S. ROGERS, Sheriff of Milam County, Texas By P. S. Graves, Deputy. 34 3t

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of youthfulness.

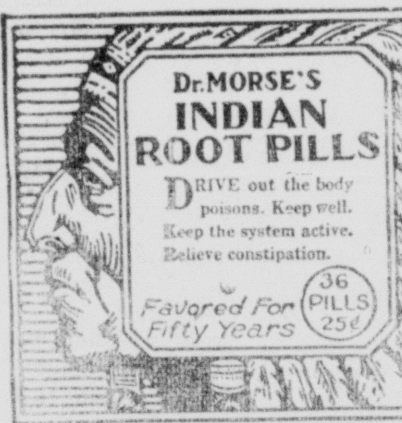

FOR SALE—One 1923 Ford Touring Car, new cord tires. Decker Motor Company. 35M.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

LOST-\$10 REWARD

One Walker Bitch about two years old, medium size, black saddle back and white color, tan on head, good looker. Has on leather collar with E. J. Pfarrdrescher, Cameron, Texas, on silver name plate.

This dog jumped out of auto on Wednesday evening December 26, 1923, between Round Rock and Austin or between Austin and San Antonio. Liberal reward for information leading to recovery of this dog. Notify

E. J. PFARRDRESCHER

Cameron, Texas, Star Route

Local and Personal

Robert McCown spent the week end in Ben Arnold, a guest of Willie Frank Denson.

Mr. and Mrs. Wiltz Reed of Temple were Christmas guests in the Albert Wohlleb home.

Conn Moody and Alex Triggs have returned from their Christmas hunt on the coast. They report a delightful trip.

Miss Tennie Mae Bass, former Yoe High school English teacher, was here Friday evening for the 1921 Class Banquet. She returned to her home in Cuero Saturday morning.

Mr. and Mrs. L. B. McLendon, Christmas guests in the W. J. Woods home, left Sunday for Paris, Tennessee. They will go a little later to Southern California for the winter.

Mr. and Mrs. Preston Laird spent Sunday with Mr. and Mrs. Jim Laird in Tracy.

Miss Ruth Cammer left Sunday night for Mont Bellview after her Christmas visit with her mother, Mrs. Cora Cammer.

Mr. and Mrs. D. H. Slaughter and children spent New Year's day in Port Sullivan with Mrs. Slaughter's mother, Mrs. W. Y. Self.

Miss Viola Meyers has returned to Austin after a visit to her parents, Mr. and Mrs. Lu Meyers, during the holidays.

Miss Alice Lawrence left Wednesday morning for Milford to reenter Texas Presbyterian College, after her Christmas visit home with her parents, Mr. and Mrs. C. W. Lawrence.

Mr. and Mrs. White Hubert returned last week to their home in Corsicana after a visit here with home folks. They were accompanied home by Mrs. Hubert's sister, Miss Jennie Tyson, who was their guest until Jan. 2, when she returned to T. P. C., Milford.

Miss Lydia Matula was at home from Temple visiting her parents, Mr. and Mrs. John Matula, during Christmas week.

Misses Harriett and Agnes Henderson, State University students, have gone to school after their Christmas vacation with their parents, Mr. and Mrs. T. S. Henderson.

Miss Ruth Henderson returned to Waco Tuesday evening to begin her work in the city schools Wednesday.

Mr. and Mrs. Dewey Bishop of Houston were guests of Mr. and Mrs. W. D. Faver last week.

Mr. and Mrs. A. E. Schiller who were married in Dallas on Christmas day, have returned from their wedding journey and are now at home in Cameron. They have rooms with Mrs. Idella Green.

Taken up at my place in Cameron, 2 black hogs, weight about 100 lbs. Owner can get same by paying for this ad and for their feed. J. H. McLerran, Cameron, Texas.

Misses Edna McDonald and Nora Baggerly of Marlow and Miss Alice Simms of Lindale who is a guest in the home of her sister, Mrs. G. N. Posey, at Marlow, were pleasant callers at the Herald office Friday while in the city on a shopping expedition.

Born on Christmas night to Mr. and Mrs. G. N. Posey of Marlow, a little daughter who has been named Dorothy Dell. The little lady weighs twelve pounds.

Mr. and Mrs. George Richards returned Sunday from their bridal trip to Galveston and Houston.

Miss Mildred Chambers has returned to the State University after a Christmas visit home and will finish her senior years work in June.

Mrs. Boyd Wells and son, Christmas guests in the T. S. Henderson home, have returned to Austin.

Mr. and Mrs. J. M. Ralston have returned from their Christmas visit in Houston and Karnes City.

Mrs. John Mangum and children who spent the holidays in Dallas with relatives, have returned home.

Ralph Joyner and Harleigh McGregor, Georgia Tech students at home for the holidays, started on the return trip Friday. They drove over to Marlin for the train, accompanied by Charlie Young and Frank Plaster.

P. L. Davis has returned from a visit in Waco and Plainview.

Mrs. Luther Terry of Fort Worth spent Saturday and Sunday in the J. M. and J. D. Eplen homes.

Mr. and Mrs. Earl V. Evers have returned to Cuero after a visit with Mrs. Evers parents, Mr. and Mrs. J. W. Coleman.

Misses Louise Denson and Earl Bragg and Sallie Coleman have returned to Baylor University after a Christmas visit with home folks.

Miss Reba Cheeves, English teacher in the Fort Smith, Arkansas High School, left early this week for that point to be ready for the opening of school after the Christmas holidays.

Miss Dallis Young left Tuesday for Dallas to continue her studies in the Dallas Kindergarten. Miss Mary Young left the same day for Baylor University.

G. B. Tracy of Salem was a pleasant caller at the Herald office last Friday. Mr. Tracy stated that he and his wife received a radio set as a Christmas present from their three sons, Percy, Willis and Henry, who were at home from Dallas to enjoy the season with them, and that he is now having the time of his life listening in every evening.

Misses Grace Mangum and Nadine Bragg who teach in the Rosebud school, left for that city Tuesday evening after a visit with home folks during the Christmas vacation.

Mrs. Monty J. Montgomery and baby left Sunday afternoon for their home in Clovis, New Mexico after a three weeks visit in Cameron.

Lee Tag and Frank Plaster, who spent the Christmas vacation with their parents, have returned to the Southwestern University.

Miss Theresa Jensen has returned from a visit with her parents in Shiner.

Mrs. Fowler and Miss Harriett Stoneham of Brownwood and Miss Kathryn Ferguson of Sherman were guests of Miss Ada Henderson during the holidays.

Mr. and Mrs. Dan Hanna of Houston were guests of Mr. and Mrs. W. H. Triggs last week. Mrs. Hanna will be remembered as Miss Esther Fielder.

Jimmie Taylor, formerly with the Cameron Enterprise, now a student at the State University, visited friends in Cameron Saturday.

Mrs. L. H. Krough and little son, Louis, Jr., who spent the holidays in Cameron returned to their home in San Antonio Friday. They were accompanied home by Mrs. Krough's mother, Mrs. S. P. Cross, who will spend several weeks with her daughter.

Mr. and Mrs. W. H. Henley have returned from Waco and Hillsboro where they visited relatives during the Christmas holidays.

Mr. and Mrs. Ed. F. Hunter of San Antonio were guests of Mrs. Hunter's sister, Mrs. India Stidham this week.

Mr. and Mrs. Fontaine Flinn returned to Bishop Saturday night after a week's visit with their parents, Mr. and Mrs. E. A. Flinn and Mr. and Mrs. S. W. Cheeves.

Mr. and Mrs. Claud Henderson returned to their home in Brownfield Sunday after a holiday visit to their parents, Mr. and Mrs. Wm. Henderson.

Miss Lilla Bassett who has been visiting her sister, Mrs. John Watson, left Sunday for Temple to visit her brother before returning to her home in Dallas.

Franklin Dusek, youngest son of Mr. and Mrs. J. H. Dusek, who was a student at Southwest Texas Normal before Christmas, left Wednesday for Austin and will enter at State for the spring term.

The daily papers Wednesday contained a notice of the death of Rev. J. T. Smith a Superannuate Methodist minister of Harrisburg. Rev. Smith was a former pastor of the Cameron Methodist church and attended the meeting of Conference here in November. His wife accompanied him and they were guests of Mr. and Mrs. R. H. McIntosh. He was retired from the active ministry several years ago.

The following State University boys and girls who were at home for the Christmas holidays returned Wednesday: Moulton Cobb, Eugene Green, Joyce Cox, Bassett Watson, Charlie Young, Marvin Sykes, Mildred Chambers, Mary Jo Harlan, Alta Klawansky, Pauline Green.

Mrs. C. W. Read and baby returned Sunday afternoon from Brenham where they spent the holidays with relatives.

Mrs. Trent Newton and little son, Trent, Jr., of Houston, formerly of this city, were week end guests of Mrs. S. R. McCown.

Jack Taylor returned to Baylor University Monday after his Christmas visit with his parents, Dr. and Mrs. G. B. Taylor.

Armie L. Pope who has been out of the city for the past eighteen months, returned Wednesday for a short visit with his sister, Miss Susan Pope.

Mr. and Mrs. S. N. Diltz are moving this week to Coleman. Mr. Diltz has been night clerk at the Santa Fe for two years but has been transferred to Coleman.

Mr. and Mrs. Emanuel Werner have returned from their wedding tour. They are making their home at present with Mr. Werner's mother but expect to begin house keeping in a few months.

Buy your Army Goods from us, building next to Felix Matula & Co.

Army Goods Store, everything reasonable, next to Felix Matula & Company.

Mrs. Tiney Terry and sons, Sam and Richard, spent a few days of last week in Waco, visiting relatives.

Mrs. Beulah Redfield had the following guests, her brothers and sisters with her on Christmas day: C. E. McLarty and family of San Antonio, W. T. McLarty and family of Yoakum, C. M. McLarty of Dallas, Claud McLarty of Dime Box, Mrs. H. H. Reat and son of Tanglewood, Miss Marguerite McLarty of Waco and Miss Mae McLarty of Kingsville. This was a delightful family reunion but clouded by absence of the father, Dr. C. P. McLarty of Giddings, who suffered a stroke of paralysis a few days before Christmas and was, of course, unable to join the sons and daughters.

The Cameron Public School opened Wednesday after an eleven day holiday. Teachers and pupils who spent the vacation out of town were all back by New Year's Day and everything started off pleasantly for the new term except the weather, which was particularly disagreeable.

Miss Kathryn Hancock had as Christmas Dinner guests the following: her father, J. D. Hancock of Fort Worth, Mr. and Mrs. R. B. Self and son, Thomas, of Gause, Mr. and Mrs. Dan Gunn and daughter, Cornelia of Cameron.

Mrs. John F. McLane of Waco is a guest of her parents, Mr. and Mrs. Ernest Eggert.

Mr. F. A. Parma of Granger spent Sunday with her niece, Mrs. J. T. Parma.

ONLY "SURE THING" IN THE INVESTMENT FIELD

The Advice of Honest Men Who Know, and Willingness to Be Content With Reasonable Return, Declared Only Safe Road to Assured Income.

"Success in life depends upon the investments made of talents and time," says an article on investing prepared by the Committee on Public Education of the American Bankers Association. "Future return will be gain or loss, according to these investments. That is a law of life which controls investment of money, just as it controls investment of talents." The article, which is particularly timely in these days when so many are being robbed by fake investments, continues:

In the business sense, the word investment relates to the use of money in acquiring ownership of property. Ownership may represent entire possession of property as of a home; partial ownership as holding stock in a corporation; or conditional ownership in the case of buying a mortgage bond. When a person makes an investment in bonds, he is really investing his money to the government or corporation issuing them. He will receive the interest which they earn as long as he owns them, or until the bonds are paid off.

Ownership of great corporations is vested in individuals who have invested money in their stock or bonds. Many people regard the ownership of the United States Steel Corporation, for example, as differing from the ownership of, say, a small workshop. Yet investors in shares of Steel Corporation stock are entitled to the same rights, under the law, as the owner of the workshop. In the corporation, the investors hold certificates of stock as evidence of their investment, whereas the owner of the little workshop holds title as title to his land.

Capitalistic Laws Protect Investors. Because the laws stand for the protection of all investors, it is difficult, and profitable to make good investments. It gives an incentive to hard and to invest. The person who wishes to invest must first work to accumulate funds with which to

invest. Funds are always secured by mortgages on the lands, buildings or other property of the corporation for which the money has been used. When a bond matures the money must be repaid to the owner of the bond.

All investors are a part of a great financial system which gathers up and puts to work the wealth of the country for the mutual benefit, prosperity, and well-being of all. In America, it is possible for any one who is willing to pay the price of self-denial and hard work, to be an investor. Good investments made in early life by saving such small sums as may be possible, lay the foundation for providing the comforts of later years, when it is harder to earn a livelihood and when poverty often becomes the condition of those who have not practiced thrift in youth.

It is not wise for those without ex-

perience to undertake to make investments of their money without guidance by those who know. Many companies are constantly being organized to promote unsound schemes, referred to as "wild-cat." There are always solicitors ready to relieve people of their savings by the promise of big returns. The lure of great wealth is always a temptation by which thousands of thrifty people are deprived of hard-earned savings every year. Widows and orphans who have inherited money are frequently sought and made the targets of these fake-stock salesmen. Misery and suffering are the usual results.

Greed Defeats Safety

Many people with small means also lose money because they insist on a high rate of interest on their investments. Safety of principal should be considered above large returns in interest or dividends. Small investors should never buy high-rate, speculative investments, in which there is a great risk, but should stick to those which pay a fair rate and which are known to be safe.

To know whether an investment is worth buying the investor should go to a banker, or a successful business man in whom he has confidence, get his opinion and act in accordance with it. In all probability this will mean the difference between successful investment and total loss of his money.

The banker deals with investments every day and desires to give all the help and information he can, and the business man has learned by experience the need of caution and careful judgment. They believe one should have a clear understanding of an investment before it is purchased. They know the need for avoiding stock promotion schemes and get-rich-quick propositions which in many cases have brought poverty and suffering. While many states have passed laws aimed to protect the public against promoters of fake investments, thousands of people annually fall victims to their wiles, because they fail to seek advice of those experienced in making investments.

Good advice and temperate expectations mark the only road to safe investment and an assured income. There is no other certain way.

HOW A RIP-ROARING RADICAL WAS TAMED

By JOHN OAKWOOD

The best story of the taming of a radical I have ever read is told by A. Farquhar in his book "The First Lesson on the Hardest." It throws more light on the meaning of capitalism and the futility of socialism than a library full of books on sociology, economics and politics. Here it is as Farquhar tells it:

The best antidote for acute economic insanity is ownership of property. My favorite example is Otto Fenger. He was one of my first employees and was a rip-roaring anarchist. He insisted that all wealth came from the workers and therefore should go back to the workers. He was particularly bitter against his landlord and hardly a week went by that he did not announce that he had finally decided that he would like to shoot the landlord the next time he came around for the rent. Finally he asked him smilingly after one of our outbursts:

Buy, Don't Shoot
Why don't you buy your own house instead of shooting your landlord? Then you would not have to pay rent. If you do shoot him you will get into trouble.

He did not think much of the idea at first but in a day or two he began to see how he could buy the house. He asked: "That house can be bought for \$300. You are getting good wages. I will buy that house for you, and in a week out of your wages, I will have it. Then in four years you will be paid for it."

He thought it over again. The next time he came back it was with his wife. "We are going to buy that house but since we have no children you can take \$10 instead of \$5 a week out of my pay envelope."

"I bought the house and then Otto's chief concern was to get it paid for, which he did in a little more than a year. There was another house next door to him. In a short while after he had paid for his first house, he sidled up to me and said:

"I can buy that house next door for a thousand dollars. Now that we have no rent to pay we are going along good. What would you think about me buying that?"

GROWING RECOGNITION OF ADVERTISING'S USE

Advertising first established its place as an economic factor as a sales aid, but as understanding and use of it have increased, its possibilities in other fields have developed until today we find it employed in many forms of service hitherto unthought of. Advertising has long been hampered in its use by precedent, tradition, conventions, and prejudices, which, under analysis and experience, find little to warrant their existence. Gradually the falsity of their claims is being proved.

We were told for many years that it was undignified for a bank or fiduciary institution to advertise, and this edict, born of some superstition of the past, was accepted without question until finally it was intelligently challenged and it was discovered under analysis that there was no sufficient reason for its support. The inevitable conclusion of logic is that, whatever is of genuine use to human beings, whether it be goods or services, can, with truth and dignity, be advertised and sold, and that it is just as proper to merchandise forms of service as various kinds of commodities.

In the logical development of this new understanding of the power of advertising during the last decade, we have seen many of our banking, fiduciary and investment institutions actively employing the sales value of advertising in the marketing of their services. In this intelligent use of publicity they are not only increasing their own immediate business return, but they are also helping to spread a better understanding of financial service and economic fact and theory upon which solid business relations can be built.—Francis H. Sisson, Journal of the American Bankers Association.

DISTRICT COURT NEWS.

The new term of the 1924 District Court of Milam County, will convene Monday January 7th, A. D. 1924. The following named have been selected by the Jury Commissioners to serve as Grand Jurors for said term, and are to be and appear in Cameron, Texas, Monday January 7th, A. D. 1924, at 9 o'clock a. m. to-wit:

B. P. Atkinson, Will Bailey, Will Davis, Frank Rogers, M. M. Johnson, C. M. Beard, Horace Hines, A. A. Helms, C. W. Tyson, Lon Hudson, W. W. Caddell, W. B. Elliott, P. H. Love, Y. A. Gjedde, H. H. Hartsfield, Joe Barber.

The case of the Buckholts State Bank vs. J. D. Fikes, et al, is set for Tuesday January 8th, 1924, and a petit jury of 36 men is ordered to report in Cameron on Tuesday, Jan. 8th, 1924, the petit jury is as follows:

F. H. Thomas, T. J. Cooper, A. R. O'Neal, Jack Crump, W. W. Blocker, J. H. Royal, J. A. Butler, J. H. Hall, John Thweatt, A. McCown, S. A. Easley, John C. Scott, C. C. Avriett, Ed. Lumpkin, Geo. Conn, Loris Zimmerman, Otto Schultz, W. C. Green, W. B. Burnett, Clarence Jackson, Elmo Vaughan, O. K. Phillips, J. P. Reaves, L. D. Turner, Lee Clore, J. R. Gifford, L. A. Patillo, F. C. Hines, J. T. Parma, Will Stafford, Thomas Blinka, A. J. Garner, W. E. Bailey, E. Walston, Will Speigle, W. C. Cooper.

The case of the State of Texas vs. Ed. Beard charged with murder is set for trial Monday, January 14th, 1924. A special veniremen of 150 men will be ordered by the court, from which to select a jury in this case. All witnesses who were summoned in this case before are under process to attend on this day whether they be summons or not again. Any witness who was summoned in this case before and who does not appear will be subject to a fine.

The following cases convicted at the Sept. and Nov. terms of the District Court have given notice of appeal to the Court of Criminal Appeals of Texas, and the transcripts have been forwarded to said Court by District Clerk, Penn Wolf.

State of Texas vs. Henry Rhodes, manufacturing liquor, 1 year.

Mr. and Mrs. Ruby Carlton and baby have returned to their home in Beaumont after a visit here in the Meyers and Carlton homes.

State of Texas vs. Frank Mikulec, manufacturing liquor, 1 year.

State of Texas vs. Paul Hubnik, manufacturing liquor, 1 year.

State of Texas vs. H. Rosenthal, manufacturing liquor, 1 year.

State of Texas vs. Pedro Costillo, manufacturing liquor, 1 year.

Notice of appeal was given and a motion for a new trial overruled in the case of State of Texas vs. Wesley Stevens, who was charged with assault with attempt to murder and who was convicted by the jury of aggravated assault and his punishment fixed at confinement in the county jail for six months and a fine of \$600.

During the year 1923, there were tried in the District Court of Milam county, Texas, 35 felony cases, consisting of various offenses. Thirty

of these cases resulted with conviction, four verdicts of not guilty, one verdict of not guilty on the grounds of insanity, and one resulted in a mistrial. During the year there were granted 87 divorces in the District Court of Milam county. There still remains on the docket quite a number of untried criminal and civil cases and the outlook is that the District Court will be very busy during the year 1924.

TURKEYS

We are going to dress turkeys until the first of February in order to assist those who have not yet sold all their turkeys. After we quit dressing you expect lower market as near by demand will be practically nothing. We do not anticipate any lower market during January and we can't see any possible chance for high market.

Don't fail to market your turkeys before the last of this month if you intend to sell.

The Peter Co.

E. V. Ferguson, Manager.

The Economy BAKING POWDER

35 years of un-failing service on bake-day has made CALUMET THE WORLD'S GREATEST BAKING POWDER

Retains its great leavening strength in every climate to the very last spoonful. Always dependable and pure.

Sales 2½ times as much as that of any other brand

BEST BY TEST

Taking America Off Its Feet!

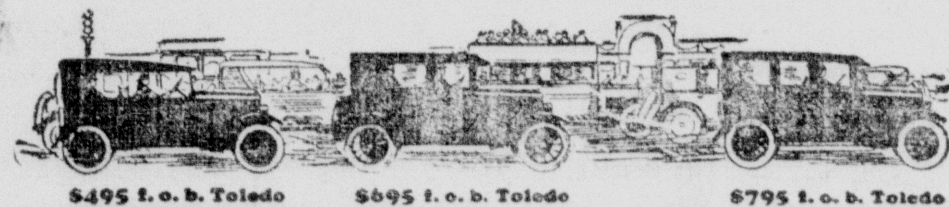

Overland Success is the Talk of the Country

The year just ended has been the greatest of all the fifteen years of Overland history. A great year made by great cars—the greatest Overlands ever built. Greatest in looks, power, action, comfort—and money's worth?

Look at the new Overland Champion, for instance. It brings a quality closed car with features and utilities hitherto unheard of within reach of every purse. America's first all-

purpose car—conceded to be the most useful motor car on wheels.

The Champion and all Overland models have the bigger Overland engine—brute power with extreme economy. Leaders in economy—leaders on the road—leaders in the many satisfactions they bring to owners. See them. Sit in them. Ask for a sample of their performance.

Overland

A great deal of caustic comment is printed regarding the proposed restrictions of immigration, registration of immigrants, registration of aliens and the attempt to secure quality rather than quantity of incomers from the old world. Their arguments, boiled down, usually read "America should hold out a welcome to all; the country is big enough for all; we are all sons and daughters of immigrants; immigrants made this

country; we need immigrants for labor; to restrict or register is Czaristic, not American." It is true we are all "sons and daughters" of immigrants; it is true that the immigrants we have had have done much to develop this country. But as times change, so must methods. When we need pioneers, farmers, laborers, tillers of the soil, we received the best Europe had to offer. Not often does such an op-

portunity come; a new country, a new freedom, land for the asking. Of course the yeomanry of Europe seized the chance and the land, came west, grew up with the country, helped make America, America. But today good land cannot be had for the asking. The pioneer days are over. American civilization has grown complicated. It takes more than willing hands and a stout heart to succeed here now. There must be

a measure of education as well. Meanwhile, Europe is an impossible place for the diseased, the ignorant, the uneducated, the vicious, to live. The best equipped have none too easy a time; the worst equipped want to get out—out anywhere—but especially "out to America." We still need, want and welcome good men and women, who can and do become good Americans. But the time has passed when we can get

them only by opening wide the door. The door must be shut, to keep out those who hurt, not help, the nation, and only put a little ajar for that thinning stream of the best kind of men and women, who are able to take advantage of the modern opportunities of modern America, as their forebears were able to take advantage of the opportunities of American pioneer days.

FARMERS PAYING EXCESSIVE RATES

Spend Millions Needlessly for Interest on Store Credit, Says Department of Agriculture.

BANK RATES THE LOWEST

Department Urges Thrift, Industry and Reliability on Farmers to Win Credit Standing—Bankers Asked to Help.

The cost to farmers of credit from stores is more than 25 per cent when calculated on the basis of a yearly interest rate, while banks charge little more than 6 per cent, says the official report of the Department of Agriculture on its recent survey of farm credit in North Carolina.

"Farmers would profit greatly if they could place themselves in position to borrow from banks and pay their bills with cash," the report continues. "Merchants would be benefited, since they could then give their attention strictly to merchandising and avoid the risk of loss which they now assume. Bankers would also profit, due to the resulting improvement in farmers' financial condition and the increased business which these farmers would give the banks."

A Matter of Habit

Discussing the question as to why farmers rely on store instead of bank credit, the report says that many do so out of habit and do not realize how high the cost of the store credit is.

"There are others, however, who cannot obtain credit from banks," it goes on. "This is often due to the fact that no contact has been established and the farmer's credit rating has not been determined. Banks prefer character and general business ability over any tangible security in making loans. A REPUTATION FOR THRIFT, INDUSTRY AND RELIABILITY IS THE BEST POSSIBLE ASSET FOR A MAN WANTING CREDIT."

"The first step in giving farmers better credit is to build up better contacts. This will require co-operation of county agents, farm organizations and the bankers themselves. But the banks cannot do it all. Effort toward a better acquaintance is necessary on the part of farmers. Frankness regarding their business affairs is essential."

The large part credit cost plays in agricultural conditions is pointed out by the department's report, which says North Carolina farmers contract debts amounting to more than \$200,000,000 annually, and therefore a difference of only 1 per cent in the average interest rate would affect the net income from agriculture there approximately \$2,000,000 each year. More than half the farmers in the areas investigated relied on merchandise advances, and the total merchant credit was nearly three times the short-term bank credit.

THE GREAT SCOURGE OF HALF TRUTHS

By JOHN OAKWOOD

A soap-boxer pointed at a great factory. "Who built that factory? Workmen!" he yelled. "Who run the machines? Workmen! Who get the profits? Capitalists!"

The soap-boxer told a half truth that amounted to a whole lie. His listeners did not know that that particular factory, typical of thousands of others, was a complete refutation of the lie—if only the other half of the truth were told.

It is true the factory was Capitalized—for a million dollars. The net profits gave annual dividends of 6 per cent, or \$60,000, to the stockholders. All that was true.

But it was also true that the million dollar capital was divided up into ten thousand shares of \$100 each. The ownership of these shares was distributed among about one thousand people. Several hundred of them were workmen in the factory. They were saving out of their weekly wages and buying shares on the installment plan. They were Capitalists.

It was likewise true that shares were also owned by workmen in other factories, by clerical workers and by small merchants. A good many were also owned by widows and orphans whose modest estates had been wisely invested for them by their bankers. They were Capitalists.

It was also true that the factory corporation had issued a million dollars in bonds to raise funds to buy the material and pay the wages of workmen to build the factory. These bonds were owned as investments not only by persons of wealth but also by many people of moderate means who had saved out of their wages and salaries. They were Capitalists.

And it was also true that out of the receipts of the factory, before a cent was taken to pay interest on the bonds, before a penny was used to pay dividends on the stock, a good many dollars were taken to pay wages to the workmen.

"FORTUNE'S LAW."

Somewhere there is a father who wants his son to be a success in life—because he, perhaps himself, has always been poor; there is a mother who is struggling to give her daughter, never had any; there is a boy who is planning to do BIG THINGS in the world; and a girl who has no idea of becoming a nonentity.

We want to engage the attention of THAT father, THAT mother, THAT BOY AND THAT GIRL—for just a few minutes. Who knows but that the whole future rests on the information we have for you?

It matters not what plans or hopes you may have, a business education is the first step toward ultimate wealth, position and happiness.

Fortune isn't running around seeking people, but she has gifts to lavish upon those who pursue her intelligently. She is said to be a "Fickle dame" but, like other deities, she rules by law—the law of supply and demand.

For every capable, intelligent business man or woman the world demands, life turns out about four incompetent, uneducated makeshifts. These failures are everywhere—burdens upon the community. We pity them and say, "poor thing, they never had a chance." Maybe not—but YOU HAVE A CHANCE. If you don't take it, you may one day be one of the "poor things" who will have forgotten that you ever had a chance.

Are you willing to let that son, that daughter—are you, young men, young women, willing and waiting to enter the business world unprepared? It is TRAINING that makes the difference between the successful and the unsuccessful. It is the TRAINED man or woman that wins in the game of life.

Fill out and mail this coupon to us and we will send you our catalogue. It will show you how easy it is to acquire the training that will make all the difference.

NEW LAMP BURNS 94 PER CENT AIR

BEATS ELECTRIC OR GAS.

A new oil lamp that gives an amazing brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per

cent air and 6 per cent common kerosene (coal oil).

The inventor, T. E. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp of 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

MOVES TO CAMERON.

John T. Smith of Branchville, extensive plantation owners, has moved with his family to Cameron. He purchased the home of B. F. Bonds on fourteenth street and will reside there in the future. Mr. Smith is one of the largest land owners in the county, having extensive farms near Branchville on the Brazos River. The people of Cameron will be glad to know that Mr. Smith and family are to be citizens here in the future.

MAKING IMPROVEMENTS.

J. D. Dobbins, grocery and dry goods merchant, is making extensive improvement in his business houses this week. The new store will be devoted entirely to the dry goods business. The stock of groceries formerly kept here has been moved to the corner stand and the space it filled is being fitted with new shelving and new fixtures.

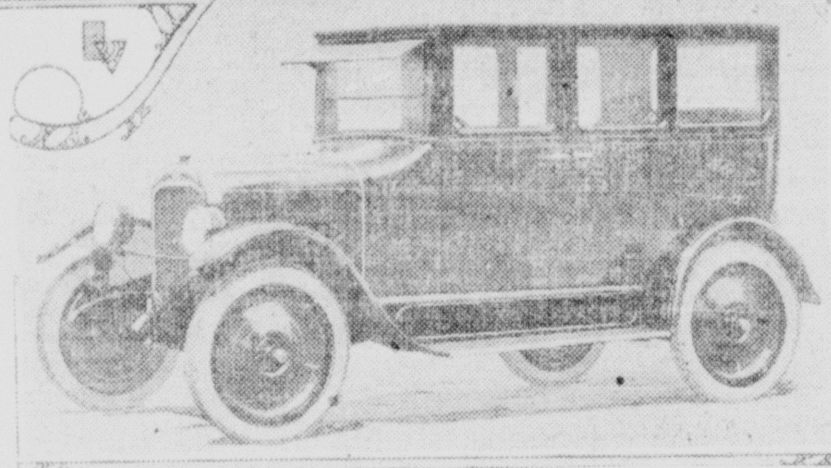

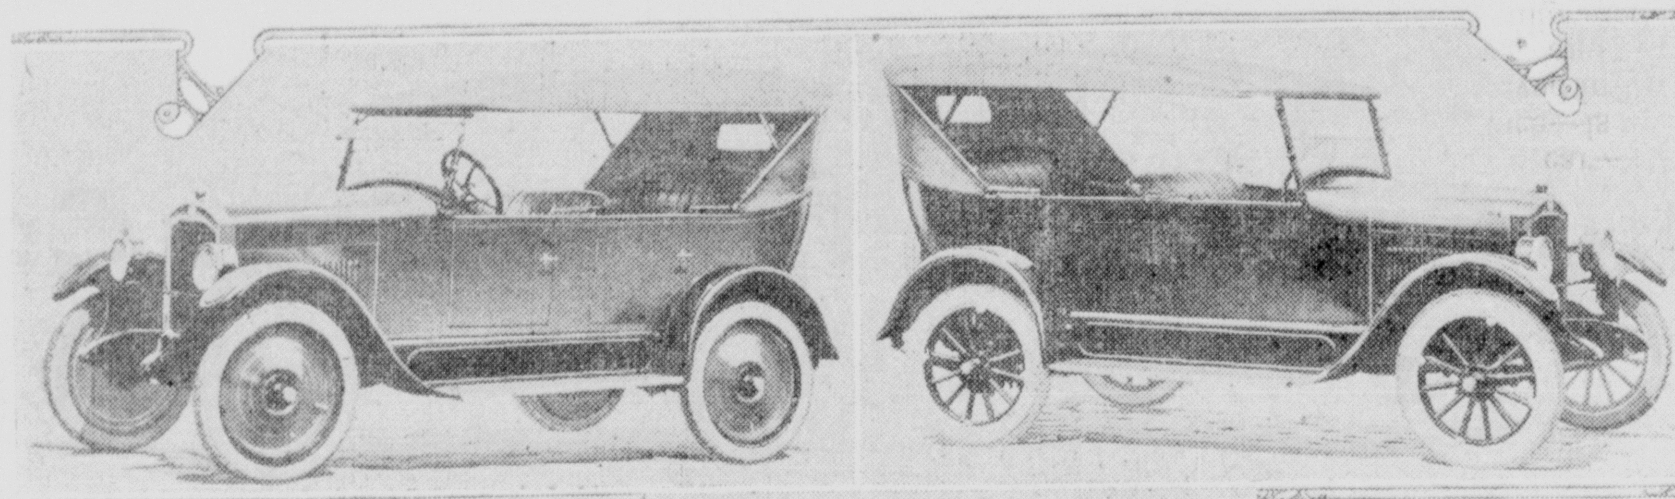

The shoe department will fill the front space, and the rear will be devoted to millinery and ready to wear.

Piece goods and novelties occupy the other half.

He will carry a full line of goods in all departments.

This will make ten dry goods stores for the up town district.

J. Otto Kelm, a good Ben Arnold farmer, was a business visitor in the city today. Mr. Kelm had his weather eye open and plans to kill hogs tomorrow.

The New Star

Better Transportation For Less Money

A Finer Car--A Greater Value

During 1923 many satisfied car owners in Milam county have bought Star cars and the increased number of Star, Durant and Cadillac owners in the county gives testimony to the value of our products. The year has brought prosperity and happiness and as we come to the New Year we wish to thank all our friends everywhere for their many favors and to wish for one and all a Happy New Year.

To create a distinctive low cost car—good in looks and unexcelled in performance—is an engineering triumph Durant has achieved in the new Model Star Car. Special Touring and Special Sedan in Colors, in addition to regular models.

1923 has brought to the motor world a real outstanding achievement in an automobile. Its value is compelling and its appearance is without equal among the low cost cars of America. It is the greatest value of the age in an automobile.

BARMORE-SHIRES

MOTOR

COMPANY

CAMERON, TEXAS

Cameron School Principal Writes on Value of Roads

Good roads indicate a progressive citizenship says Joe B. Preston, principal of the Yoe High School in the current issue of the Texas Highway Bulletin, writing on the progress of road building. This is the second contribution to this magazine within the past three months by Mr. Preston and it will be read with interest by his friends in Cameron:

As one of our great ocean liners steamed out of New York harbor, two prominent and influential citizens of France stood on the deck gazing back at the wonderful city they were leaving, and exchanged views concerning this country. Being connected with the automobile industry, a good deal of their conversation centered around this subject and that of a kindred topic—roads and highways. They marveled at the great strides which have been made in the automobile industry in America and at the progress made in road building. They remarked that on account of the present day importance of motor vehicle transportation in the United States, the condition of the roads in any state or community was an excellent indicator of the progressiveness of the citizenship of such state or community.

The transformation which has been wrought in our civilization and in our manner of living, by the present day wholesale uses in this country of the automobile and motor truck is almost unbelievable. Most people now living, can recall the time when motor transportation was either unheard of, or when it was of no economic importance whatever. Today is probably the most important factor in our economic and social life. There are today in America over 14,000,000 motor vehicles. Out of every thirteen motor vehicles in the world, eleven of them are in the United States. A few years ago an infant industry, it is today the greatest single industry we have. When we remember that there are almost as many automobiles in this country as dwelling houses; almost as many cars as telephones; and that the number of cars is increasing by the thousands daily, we can realize to some extent the importance of good roads over which these vehicles can operate economically and efficiently.

When we consider thoughtfully the present status of the motor vehicle in the United States and at the same time remember that the successful operation of cars, whether for pleasure or profit, depends upon the condition of the roads, we must acknowledge candidly that any section of this country must have good roads in order to be prosperous and progressive. The United States as a whole is building good roads and building them wholesale; building them faster than any other nation of the world; and of all the states of the Union, Texas now ranks first in highway construction.

Illustrative of the way Americans go at anything, and the way they do things, is the following statement taken from the American Lumberman. "In Sweden the speed limit is twenty-two miles an hour in the city and twenty-eight miles in the country. It is about the same here only an American adds them together." Certainly this is true of the automobile industry and the industry of road building is rapidly taking its place along side that of the motor vehicle.

The question may well arise as to whether we are wise in using so many cars, in spending all we have—so it might seem—on automobiles. If we are letting everything else go in order to purchase cars, and if we are bonding ourselves and posterity in order that we may idle away our time pleasantly, sight seeing,

then good roads, rather than being an indicator of a progressive community and citizenship is an evidence of a decaying civilization. The latter condition does not exist, however. The majority of the cars today are used as time savers and for business purposes. Statistics show that our bank deposits are increasing and that we are becoming as a whole, a richer and more prosperous nation, as a result of the extensive use of the motor vehicle and good roads. It has been said that transportation is the ladder by which humanity has climbed from a status of barbarity to civilization; and the combination of motor vehicle and good roads is certainly an improved form of transportation.

The automobile industry and the building of good roads is today providing a livelihood and a competence for thousands upon thousands. Many families are today prosperous, as a result of these two industries who would otherwise be in comparative poverty. The automobile garage and filling station take the place on almost every business corner that was once occupied by saloons and beer halls. Hundreds of dollars are today invested for pleasure and profit in automobiles that would, under other conditions, be spent on beer, wine and whisky. It is thought by some that the motor trucks of the nation are taking from the railroads the transportation business that should rightfully go to the latter. However, it is a well known fact that the railroads profit most from long distance hauls and from the additional freight caused by the automotive and road building industry. Think of the leather, the wood, the steel, the aluminum, the rubber, etc., which the automobile industry calls for and the preparation of which gives employment to countless thousands. The automobile and good roads are today aiding as no other phase of our life to make us great and prosperous.

The two factors of our civilization which we are considering are obliterating the division point between city and country. The city man may live in the country and work in town, the farmer may drive to the city whenever he chooses and so our living conditions and general welfare are improved and many additional opportunities are offered to all.

It is generally accepted without question, and should be, that our success and prosperity in a democratic nation depends on the education of the masses, and of course the higher the education of all, the greater will be our nation. Let us consider this and then remember that no factor in modern life offers the same opportunities for securing an education as the automobile and good roads. Country children can attend school in town; the whole family, whether

from rural district or city, are enabled to tour the country and thus see and observe "how the other half lives."

Does it necessarily follow then that a community which does not have good roads is unprogressive? In the United States, unless the people of a community are at least striving to obtain good roads, the conclusion is immediately reached that they were not progressive. Of course, where there are few people living in a large area such as we find in many parts of the United States, not all of the roads can be kept in as good condition as in a section where the opposite in density of population is found. Many communities financially unable to build adequate roads are at least on the alert, and avail themselves of every opportunity to improve their roads. Illustrative of this condition is the following dialogue between a hostess and one of her guests: Hostess—"Won't you sing something for us, Janet? Young lady (modestly) "Well, I'll try." "Yes," said the hostess, "do try at any rate." Thus, so far, all that can be said to the communities of Texas that are striving for good roads but are financially unable to build them is "Try, at any rate."

Let us, however, not be too hasty in condemning those sections which do not have good roads. As has been stated, it is as a rule true that progressive communities and sections have, or are building, good roads, and that the opposite is true of the unprogressives, but rather than brand them and imbue them with the desire for, and the determination to have, good roads. As the Philadelphia Inquirer says: "Our own candid opinion is that we should have more persons laying bricks and fewer throwing them." So the thing for each community to do is to literally lay bricks and to, figuratively speaking, throw none; and if another community throws bricks, simply use them in building more roads.

1923 A RECORD YEAR IN AUTOMOBILE HISTORY.

"If anybody had predicted a year ago that 4,000,000 automobiles would be produced in the United States within the twelve months of 1923, he would have been laughed at by even the most optimistic leaders of the industry," says G. C. White of the White-House Motor Company. "As a matter of fact there were few

at that time who believed it possible that the record of some 2,600,000 cars and trucks turned out by American manufacturers in 1922 could be exceeded this year, and of those few none was rash enough to predict a total of more than 3,000,000. And the automobile industry is not lacking in optimists, either.

"Therefore in the face of an output of 4,000,000 automotive vehicles in a single year—approximately one for every 28 people in this country—not even the most rabid reactionary can dispute the fact that the motor vehicle has become a necessity of first importance in the life of today. No mere luxury calling for such an investment could have established itself so rapidly and so firmly in public favor.

"The American people have found that the saving in time and increased personal efficiency made possible by the automobile, alone justify its place in the world today, not to mention its broadening influence in promoting wider contacts and its part in promoting the health and happiness of the nation by opening up new avenues of recreation.

"Any attempt to forecast the limit of automobile production and sales is futile. It has proved so in the past and is just as much so at present, as borne out by the year just ended. Time and again have the wisacres gravely established the "saturation point" in automobile sales, but the American people and the automotive

industry have gone blithely ahead with the buying and producing of motor cars without regard for the prophets. Some of those predictions of a few years ago sound laughable in the light of present-day statistics, and show how limited is the imaginative faculty of the human mind even in this age of progress.

"Suffice it to say that with the astounding total of 14,000,000 cars registered in the United States today, the replacement demand alone must amount to some 2,000,000 vehicles annually. Beside that there is the army of first buyers who come into the market with each succeeding year, and whose numbers have been the up-setting factor in all the carefully-calculated predictions of the past. "And while it does not seem possible that the amazing record of production and sales in 1923 can be exceeded in the coming year, I glance back over the prophecies of earlier years and refuse to commit myself. I will only say that locally our establishment will continue to do its share in providing and maintaining the highest type of individual transportation for the people of this community."

MEASURING UP TO THE MOTOR NEEDS OF

1924

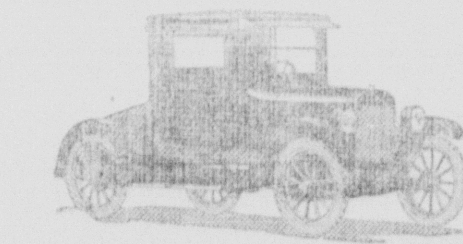

Every year that passes adds to our responsibility to motor car owners in this community.

In 1924 we will sell a lot of new Chevrolet's. The cars will want accessories, parts, adjustments and such things as the exigencies of traffic may dictate. We must be ready.

The cars that left these salesrooms in 1923 and before will be a year older. They will want help in their contest with depreciation. They look to us for that help.

The ever-increasing tendency of modern times is to throw still heavier burdens upon motor vehicles. They go farther, faster, and take over a greater part of the world's work.

And so this institution enters 1924 with still greater efficiency, better methods, and more equipment, to better serve the motor transportation needs of the community.

for Economical Transportation

Chevrolet Cars and Trucks are sold on convenient time payment plan at a minimum cost for carrying deferred balance.

BAPTIST CHURCH WILL SUPPORT BIG ORCHESTRA

BAND DIRECTOR JACK FOSTER, WILL DIRECT MUSIC ORGANIZATION OF CHURCH.

Beginning Sunday January 6 at the Baptist church an orchestra of twelve pieces will render music as a permanent and regular Sunday feature of the church services.

Announcement of this was made Sunday by Rev. E. S. Hutcherson, pastor of the church. Prof. Jack Foster, director of the Cameron Municipal Band, will direct the orchestra. The church by vote to ratify the action of the board of deacons has retained the services of Prof. Foster at a regular monthly salary to lead the orchestra. This work will be looked after by him in addition to the duties as band director.

It was announced at the regular church services Sunday night that beginning Sunday January 6 the Sunday school services will be merged into the church services, there being no dismissal or interval between the services. During the interval between the time for the Sunday school to end and the preaching hour the orchestra and choir will supply the program.

On January 18 as announced last week Dr. F. S. Groner, secretary of the executive board of the Baptist Convention of Texas, will be in Cameron to address the laymen of the church at which time a banquet will be held in the church. This meeting will mean the revival of the laymen's movement for 1924.

At the Sunday morning hour Rev. Hutcherson preached on the Bible doctrine of tithing, giving eighteen reasons for tithing. Twelve of these reasons are taken from the Bible. The sermon is regarded as the most unusual and forceful discussion ever heard from the pulpit on the Bible doctrine of church finance. The church adopted the budget as reported by the board of deacons and read by Wm. Henderson, chairman of the board. The budget amounts to about \$5000 for the year and is to be met by the pledge system of raising the church finances.

At the evening hour Sunday Rev. Hutcherson preached a sermon of evangelistic doctrine, making a strong appeal for the unsaved.

Rev. Hutcherson has begun the publication of a church paper to be known as "The Messenger" the first issue of which was distributed at the church Sunday morning and night. This paper to have several hundred circulation, will be published each week and will carry the news of the church including all announcements for the coming week. Rev. Hutcherson may safely expect that the publication will be of great advantage to the church and to his work.

SAYS NEW YEAR PUTS BIGGER LOAD ON DEALERS.

"Every new year adds to the responsibility of the modern car dealer to his community" says G. C. White of the White-House Motor Co. "There is nothing sensational about it—it's a simple mathematical proposition."

"The car dealer exists not only to sell cars, but to serve the owners of these cars."

"Now in 1924 he will put a lot of new cars into the local market, the owners properly depend upon him for parts, accessories, service. Naturally he must expand his organization and equipment to properly meet this increased demand for local service."

"The cars he sold in previous years are older and consequently will need an increasing amount of attention, so again he has a bigger job in 1924 than he had in 1923."

Mr. White has installed a large quantity of Steel Bin Equipment that will enable them to more than double their present large stock of parts and meet the increasing demands made upon them by Chevrolet owners in this community.

PRESTON GRAVES IS NEW DEPUTY SHERIFF.

Preston Graves, a well-known farmer of the Lilac community, has accepted the appointment of deputy sheriff of Milam county, succeeding H. H. Hartsfield, who has removed to Buckholts.

The new official has lived in Milam county all of his life and ranks among the leading citizens of the county. He is particularly well qualified for the

position and Sheriff Drue Rogers is to be congratulated upon his splendid appointment. His many friends welcome Mr. Graves to Cameron. Mr. Hartsfield, the former deputy sheriff, will engage in farming on his farm near Buckholts.

"FORTUNE'S LAW."

Somewhere there is a father who wants his son to be a success in life—because he, perhaps himself, has always been poor; there is a mother who is struggling to give her daughter, never had any; there is a boy who is planning to do BIG THINGS in the world; and a girl who has no idea of becoming a nonentity.

We want to engage the attention of THAT father, THAT mother, THAT BOY AND THAT GIRL—for just a few minutes. Who knows but that the whole future rests on the information we have for you?

It matters not what plans or hopes you may have, a business education is the first step toward ultimate wealth, position and happiness.

Fortune isn't running around seeking people, but she has gifts to lavish upon those who pursue her intelligently. She is said to be a "Fickle dame" but, like other deities, she rules by law—the law of supply and demand.

For every capable, intelligent business man or woman the world demands, life turns out about four incompetent, uneducated makeshifts. Those failures are everywhere—burdens upon the community. We pity them and say, "poor thing, they never had a chance." Maybe not—but YOU HAVE A CHANCE. If you don't take it, you may one day be one of the "poor things" who will have

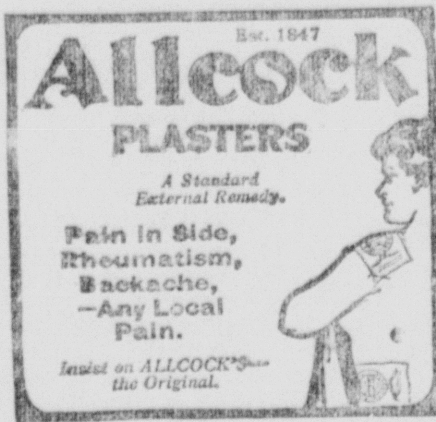

forgotten that you ever had a chance.

Are you willing to let that son, that daughter—are you, young men, young women, willing and waiting to enter the business world unprepared? It is TRAINING that makes the difference between the successful and the unsuccessful. It is the TRAINED man or woman that wins in the game of life.

Fill out and mail this coupon to us and we will send you our catalogue. It will show you how easy it is to acquire the training that will make all the difference.

See Editor of this paper for Scholarship. TYLER COMMERCIAL COLLEGE, Tyler, Texas.

CAMERON FRIENDS NEFF INTERESTED IN SPEECHES

COMING TOUR OF GOVERNOR MAY MEAN PRELUDE TO SENATORIAL CONTEST.

Friends of Governor Pat M. Neff in Cameron are interested in the coming speaking tour of the Governor. They see in the tour over the state a possible first move on the part of the governor for the race for the United States Senate. Although the Governor has been silent on the question of the coming race it is generally believed that he will be a candidate against Morris Sheppard.

Governor Pat M. Neff will campaign the State of Texas during the Spring of 1924, delivering a series of speeches at different points on varied subjects, the leading of which will be law enforcement, it became known today although no official announcement was made.

Whether or not this campaign is to be a prelude to announcement by Governor Neff as a candidate for the United States Senate, which position is now held by Senator Morris Sheppard, or for a call for another special session of the Thirty-eighth Legislature, has not been disclosed.

Political observers here do not believe the Governor has any intention of calling another session of the present Legislature for it is pointed out that with the same set of lawmakers nothing could be accomplished that has not heretofore been attempted by the Governor with past Legislatures. Besides, it is pointed out, the lawmakers will be busy this Summer in various political races, and would have little time to devote to another session of the Legislature. There are also others who do not believe that the Governor has any serious intention of running against Sheppard.

Governor Neff was non-committal as to about what he proposes to talk in this campaign or as to where he proposes to deliver these speeches.

Governor Neff has not, as yet, indicated whom he proposes to support out of the 17 candidates and near candidates for the Governorship in the July primaries. During the delivery of those speeches, it will develop the Governor's favorite candidate for the Governor's chair.

This campaign may also be, indirectly, an effort to indorse 'a very dry' candidate as the Democratic candidate for the Presidency of the United States. Indorsement of Governor Neff by the State Democratic Execu-

tive Committee as the standard bearer of the National Democratic Party, may also have a bearing on the campaign that the Governor is to make.

It will be recalled, Governor Neff made such a campaign in Texas last Fall previous to convening of the regular session of the Legislature during which he delivered a series of seven speeches, taking his texts from the Bible. He was then paving the way for his law enforcement program which, however, was not fully carried out by the lawmakers.

CITIES NOT LIVING WITHIN INCOMES.

Washington, Dec. 28.—The cities of the country generally—there are exceptions—are not living within their incomes, census bureau statistics, announced today declare.

Compilations of revenues and expenditures in the fiscal year 1922 for 261 cities having a population of 30,000 or more show a total indebtedness incurred that year amounting to \$5.61 for each resident. The cost of government per capita including expenditures for permanent improvement, amounted to \$57.38 for the year against revenue of \$51.81, the total figures being \$2,222,566.519 and \$2,007,008.796, respectively.

The total net indebtedness at the close of year was \$3,618,967,272, or \$93.42 per capita.

The total cost of government in 1922 was highest in the cities having a population of 500,000 or over, with a per capita cost of \$66.88. The next highest per capita, \$64.29, is shown for cities with a population of 300,000 to 500,000. The per capita cost of cities from 100,000 to 300,000 amounted to \$48.71; of cities from 50,000 to 100,000, \$44.94, and in the small cities, having a population of 30,000 to 50,000 \$44.38.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in N Strils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

O. D. BAKER MAY GET IN RACE FOR COMPTROLLER

FRIENDS OF MILAM COUNTY LAWMAKERS SAID TO BE URGING CANDIDACY.

Although no statement has been made by Representative O. D. Baker of Gause, member of the last two legislatures from Milam county, regarding the news dispatches from Austin that his friends over the state are urging him to run for the office of Comptroller, the following story under an Austin date line will be of interest to his friends over this county:

Friends of Representative O. D. Baker of Gause, Milam county, are urging him to make the race for State Comptroller in the Democratic primaries next July, but so far no official announcement has come from the Milam county law-maker on the subject.

Judge J. A. King of Austin, former State Tax Commissioner, who returned Saturday from North Texas said that he found a "great demand" among the people for Judge Baker to make the race.

The contest for this office promises to be quite spirited from present indications, there being already two avowed candidates seeking the office, Pat Molden of Collin county and Tom Bell of Texarkana. Both of them are

A COTTON PROGRAM FOR 1924.

"From evidence abundant in every state and neighborhood, the South can grow cotton profitably this year with average weather if the producers generally make use of the knowledge already acquired on weevil control," says the Federal International News, published by the Federal International Banking Company of New Orleans. Successful farmers, weevil experts and trained observers agree upon a program of:

"Small acreage, heavy fertilization and intensive cultivation.

"Selected seed of early-maturing varieties.

"Pre-square poisoning to catch the first brood of weevils emerging from hibernation.

"Picking up and burning fallen squares.

"Treatment with calcium arsenate when and as conditions advise.

"These methods in 1923 yielded

ROAD TAX IS CARRIED FOR ALL MILAM COUNTY—MAJORITY OF 55 VOTES.

The Reporter presents herewith the tabulated returns of the special road tax election held in Milam county on Dec. 17, to determine whether or not the county-wide road tax should be increased from 4c on the \$100 valuation as at present, to 15c on the \$100.

On account of the bad weather and a general indifference on the part of the voters, only a small vote was cast. The vote was unusually light, even in Cameron, where the interest in having the tax increased seemed to center. The county seat polled only 314 votes—much less than half its strength.

The election carried by a majority of 55 votes and next year the tax will be increased.

Following are the returns by boxes:

| | Pro | Con |

WHEN BUSINESS CALLS HOME TIES MUST SEVER AND HEART STRINGS TUG.

Rockdale is due to suffer the loss of several families within the next few weeks—citizens whom any town may well regret losing or be glad to gain. Four that the Reporter knows of for certain are as follows:

W. A. Coffield and family go to Waco where Mr. Coffield will be connected with a brokerage firm.

Bruce Gentry and family go to far away Washington State, where Mr. Gentry will have a responsible department with the engineering department of a big lumbering concern.

H. M. Callaway and family go to Temple, where Mr. Callaway resumes the same position he gave up to come to Rockdale about three years ago. His old firm offered him inducements to return which he could not well refuse.

Henry Kone and wife go to Lexington, where Mr. Kone will manage the grocery department of Lexington's largest business house.

Four mighty good families leave the best town on earth—not because they want to go, but only because their best interests are seemingly to be better conserved by the change.

The hearty good wishes of all our people go with them and in these expressions the Reporter can sincerely join.—Rockdale Reporter.

MILAM COUNTY INTER-SCHOLASTIC LEAGUE.

The Milam County Executive Committee for the Inter-Scholastic League are beginning their plans for the most profitable and enjoyable school meet ever held in Milam county.

There are two Class A Schools in the county. They have already paid their fee of eight dollars each for membership in the league. There are several Class B Schools. All of these will be enrolled quite soon. Most of the schools of the county are classified as Rural Schools. Every one of these should be enrolled for the county meet and participate in the many events specially provided for rural schools exclusively. Two special inducements are offered for their enrollment.

To each of the first ten Milam county Rural Schools sending its Inter-Scholastic League membership free to the Milam County Director General—C. G. Green, Rockdale, Texas—the Rockdale Chamber of Commerce will award during the meet a group picture of all the Milam county contestants free of cost. A list of such schools will be published in the county as soon as completed.

As a further inducement to interest rural schools in the county meet, the Rockdale Parent-Teachers Association will award to the Rural School making the greatest number of scores at the meet a beautiful, handsome school room picture free of cost. Many other valuable premiums will be awarded.

The following fees are charged and used by the University of Texas for membership in the Inter-Scholastic League:

Class A School—120 or more in the high school department—\$8.00.
Class B School—less than 120 in the high school department, and at least one teacher doing exclusively high school teaching—\$5.00.

Rural School—not over three teachers in the school with an enrollment of over 100—\$2.00; if the enrollment is less than 100, then the fee is \$1.
Now is the time to enroll a school and get a copy of the Constitution and Rules governing the county events.

Send your fee to: Superintendent Public Schools or Inter-Scholastic League, University Station, Austin, Texas.

Inquiries concerning the Milam County meet will be gladly answered by

C. G. GREEN,
Director General.

CHRISTMAS FIGHT.

A Christmas fight between Archie Mitchell, employed at the Thorndale Oil Mill and Ernest Toms working on the Holston Dray Line both negroes, on the afternoon of Christmas Day in the road near the Thorndale Independent Lumber Company's yard, resulted in the Mitchell negro being cut and bruised considerably. Col. E. A. Mietschin acted as referee, and very probably saved the life of the Mitchell negro, by stopping the ferocious attacks of Toms, who was using cement tiling with telling effect on Mitchell. Col. Mietschin held at bay until the arrival of Constable James who appeared on the scene promptly. Four stitches were required to dress the wound of Mitchell.—Thorndale Champion.

L. H. Goss has sold his garage at San Gabriel to Mr. Cummings of that community and has accepted a position at the Star Garage here. Mr. Goss brings to the Star Garage seven or eight years of experience as an automobile mechanic and his many friends at San Gabriel are pleased to know that he will not leave the county, as was feared when it was learned that he had sold out. The Champion congratulates both Mr. Goss and the Star Garage in the happy culmination of events.—Thorndale Champion.

Mr. and Mrs. Alex Beesley and Mr. and Mrs. W. A. Blackburn and daughter of Dallas, visited, Miss Sallie Beesley and her mother in Thorndale Sunday. They made the trip from Dallas in a car and with the exception of about a mile of awfully bad road near Troy in Bell county, they found the road in much better condition than they expected. A mule team was used to help them over the mile of bad roads.—Thorndale Champion.

The Knights of Pythias Lodge, thru the thoughtfulness and personal efforts of Sir Knights E. T. Kemp and George Banzhaf played "Good-fellows" to the worthy poor of Rockdale Christmas. These two gentlemen raised nearly a hundred dollars from among members of the local lodge, the distribution being effected thru the medium of woman's auxiliary of the lodge. The Reporter desires to commend most heartily this thoughtful evidence of charity and good will.—Rockdale Reporter.

WILD NIGHT OUT IN OLD SANTONE.

San Antonio, Jan. 1.—Six persons are in the Robert B. Green Memorial hospital, three of whom are reported dying, the consequences of what police declare was a night of terror which reigned in San Antonio in one of the wildest welcomes ever given a new year.

Thirty others are in jail on more or less serious charges. Approximately two score of youths were taken

into custody.

Watch parties, police say, were marked in many instances by the profuse flow of liquor and downtown resorts were filled to overflowing until dawn Tuesday. A number of places, it was reported, were hilarious to a strained degree.

Police and detective headquarters this morning revealed pistols, butcher knives and other weapons and whiskey assorted in piles that had in one way or another figured in demonstrations in ushering in of 1924 in San Antonio.

While festivities and disturbances ran riot, holdups and downtown and residential burglars reaped a harvest.

One of the outstanding features of

a spectacular night, characterized by unusual din and merrymaking, police comment, is that fatal traffic accidents were lacking.

Two of the dying men were shot, while the other was found with the left side of his face ripped open from the ear to the lip of his chin.

FARM FOR SALE—64 2-3 acres, 2 miles west of Cameron on Tracy highway, with good improvements, 1 good water well, all land level, 45 acres in cultivation, 2 acres in hog pasture, balance in pasture with wood, can be put in cultivation. For information write or see me at Cameron Machine Shop, on Saturdays.

August Michalka,
Cameron, Texas.

\$500.00 REWARD

The Cameron Council, Knights of Columbus, will pay the sum of five hundred dollars (\$500) in cash to any person or persons for any information of leading to the arrest and conviction of the person or persons who on the night of November 30th, 1923, burglarized the Catholic church at Cameron, Texas.

Said sum of money is deposited in the Cameron State Bank, Cameron, Texas.

Knights of Columbus

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in N Strips Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing ointment in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves instantly. It's just fine. Don't stay stuffed up with a cold or nose-tar.

PAY YOUR POLL TAX

1924 is election year. Pay your poll tax and have a voice in the selection of officers to administer the government in Milam county, and the State of Texas. The last day on which poll tax may be paid is January 31, 1924. Do not wait till the last day but go now and pay your poll tax.

All officers are to be elected next year from City to President. City elections are in February, county elections in July and State elections in July, national election in November. Pay your poll tax now!

FRED HENRY BACK FROM TRIP TO NEW MEXICO

ADVOCATES MUNICIPAL CHRISTMAS TREE FOR CHILDREN OF CAMERON IN 1924.

Fred Henry, local insurance agent and keeper of records and seal for the Milam Lodge No. 125 Knights of Pythias, returned to Cameron last Saturday from an extended trip over Texas and New Mexico during the holidays and reports conditions good over the territory he covered in his trip.

Miss Paula Henry, his daughter, is teaching in the Las Vegas College at Las Vegas, New Mexico, and he visited her while there. Mr. Henry was guest of the Occident Life Insurance Company in Albuquerque. While there Mr. Henry attended a Christmas tree given by the city and recommends a municipal Christmas tree for Cameron. From the Albuquerque Morning Journal the following account in part is taken of the Christmas event:

Christmas was made merry in fact a swell as in name for over 5,000 kiddies by the Albuquerque Elks Tuesday at their annual Christmas tree which is an increase of more than 2,000 over the number of poor children whose hearts were gladdened last Christmas through the generosity of the Elks and their friends who co-operated with them. The exact number of children who received candy and presents was 5,316.

As early as 10:30 a line of children had begun to gather on Fifth street waiting for Santa Claus to appear. Many of them were thinly clad and shivered with the cold as they stamped their feet and peered anxiously up the street for good old Saint Nicholas. By 2 o'clock the handful of children filled Fifth street from Gold to Central leaving a lane just wide enough for Santa to get through with his sleigh. Nor were the children alone in the enjoyment of the occasion. There were three or four thousand older folk who had come to witness the fun. They filled the streets and sidewalks leading to the Christmas tree corner for half a block, all on tiptoes to see the look of joy on the faces of the children when Santa should appear.

At last the jolly old saint himself hove into view, his sleigh drawn by four coal black horses and preceded by the Elks band, playing spirited music. An escort of cavalry accompanied the sleigh. As Santa sled turned the corner from Central into Fifth the assemblage of shivering kiddies let loose their pent up enthusiasm with cheer after cheer which the jovial Santa acknowledged by bowing and waving profusely while his snowy white beard and hair waved merrily in the breeze.

CATO SELLS HEAD OF McADOO CAMPAIGN IN TEXAS—LOVE ACTIVE.

Cato Sells of Fort Worth, former commissioner of Indian Affairs under the Wilson Administration, has been selected as chairman of the Texas McAdoo campaign committee. Sells plans to start at once organizing the State for President Wilson's son in law.

Sells' selection as head of the McAdoo forces was made Monday at the conclusion of a series of political conferences in Dallas. Thomas B.

Salts Fine for Aching Kidneys

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

Love, National Committeeman from Texas, also announced at the conclusion of the conferences that he will not seek re-election for that office, nor be a candidate or delegate at large from this State. Love left Dallas last night for Washington to attend a meeting of the Democratic National Committee.

He denied a report that he had promised to swing the Texas delegation to the next national convention to the support of William G. McAdoo, son in law of former President Woodrow Wilson.

"My friends have known for some time that I will not be a candidate for re-election," Love said. "I keenly appreciate the honor and have enjoyed the privilege of serving the Democracy of Texas for more than five years as national committeeman. That is honor enough for any man, and an honor that should go around."

"I have seen in the press that I am reported to have promised to someone a solid Texas McAdoo delegation. The statement is baseless and ridiculous, and it is my belief that this has been deliberately propagated to lay the ground-work for criticism."

Chattanooga, Tenn., Jan. 1.—A statewide conference in the interests of William G. McAdoo's nomination as Democratic candidate for the presidency, will be held in Nashville Jan. 8—Jackson Day—according to announcement here today by George F. Milton, chairman of the Tennessee McAdoo for President committee.

Judge David L. Rockwall of Ravenna, Ohio, national chairman of the McAdoo movement, has telegraphed that he is planning to attend the meeting.

Political leaders from every section of the State have indicated their intention of going to Nashville. Mass meetings are to be held in Chattanooga, Knoxville and other cities on Thursday and Friday night to select delegations to go to the Jackson Day affair.

"The meeting in Nashville is to plan a campaign in the State which will insure the Tennessee delegation to the 1924 Democratic National Convention voting for William G. McAdoo," Milton said.

Office space for rent—15x40 feet double wall all round. Phone 255. 32-1f.

FIRST METHODIST CHURCH.

We have now finished the first month of our pastorate in Cameron. The pastor has preached nine times, and the presiding elder once. We appreciate the splendid attendance, but there is yet room for others. Because of much rain and holiday activities of our people it has been impossible to do very much pastoral visiting, but we hope with the beginning of the new year to arrange our program in such a manner as to meet personally all of the people.

A new year is before us, and we do not know what it may bring. But we do know that we can make new, and sincere resolutions, give expression to higher aspirations, and rededicate our lives to fuller and more unselfish service to God and our fellow man. We invite you to meet with us Sunday for such purposes. Our theme for both hours will be "Taking Stock." At the close of the morning service, we will administer the Sacrament of the Lord's Supper.

We call your attention to the fact that beginning the first of January, the price of the Texas Christian Advocate will be \$2 per annum. Heretofore it has been \$2.50. Every Methodist family should be a reader of the church paper. It is a journal of information and inspiration. By reading it you will be a better informed, and therefore a more useful Christian.

The prayer meeting lesson for Wednesday Jan. 9th will be the Parable of the Tares. Matt. xiii. 24-30 and 36-43.

PASTOR.

Cameron Herald \$1.50 a year.

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Milam.

By virtue of a certain Writ of Execution issued out of the Honorable County Court of Milam county, on the 26th day of December 1923, by H. M. Roark, clerk of said court against Mrs. J. H. Gandy for the sum of Two Hundred Nineteen and 14/100 (\$219.14) Dollars with 10 per cent interest per annum thereon from Dec. 4th, 1923 and \$21.91 attorney's fees and costs of suit, in cause No. 4900 in said Court, styled Schiller Buick Company, a firm of

which A. E. Schiller is owner and manager versus Mrs. J. H. Gandy and placed in my hands for service, I, D. S. Rogers as Sheriff of Milam county, Texas, did on the 26th day of December, 1923, levy on certain Real Estate, situated in Milam county described as follows, to-wit:

All that certain tract of land being and situated in the county of Milam and State of Texas and a part of the J. A. De Pena 11 league survey; beginning N. 51 W. 65 vrs. from the S. W. cor. of J. A. Hopkins survey for the N. E. cor. of this survey and running thence S 19 W. 840 vrs. to the S. E. cor. of Elm brs. S. 11 W. 95 vrs. and another N. 88 W. 29 vrs. thence N 71 W. 900 vrs. to a cor. a hackberry tree brs. N 64 E. vrs. and an Elm brs. N. 25 W. 3 1-2 vrs. thence N. 19 E 40 to vrs to a corner an Elm brs. S. 80 W. 4 vrs. thence N. 71 W. 420 vrs. to the creek for the SW. corner an ash brs. S 88 E. 3 vrs. and an Elm brs N. 33 7 1-2 vrs. thence up the creek with its meanders as base line 640 vrs. to a corner, thence S. 19 E. 160 vrs. to the NW. cor. an Elm brs. S 88 E. 2 vrs and another brs. N. 53 E. 3 vrs. thence S. 71 E. 1510 vrs. to the place of beginning, containing in all 100 acres of land and levied upon as the property of said Mrs. J. H. Gandy, and on the first Tuesday in February 1924, the same being the 5th day of February, 1924, at the Court House door of Milam county, in the City of Cameron, Texas between the

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

hours of ten A. M. and four P. M., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. J. H. Gandy by virtue of said levy and said Writ of Execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for

three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 26th, day of December 1923.

D. S. ROGERS, Sheriff of Milam County, Texas By P. S. Graves, Deputy. 34 3t

FEDERAL TAX BILL IS PROPOSED REDUCTION

MELLON PLAN IS FOLLOWED IN DRAFTING NEW LEGISLATION.

Washington, Dec. 28.—The complete text of the new tax bill was made public today by Chairman Green of the house ways and means committee, which will meet again as soon as congress reconvenes on January 3 to continue its study of the sweeping reductions proposed by the administration.

In all its features the bill follows the recommendations previously made public by Secretary Mellon. It proposes several hundred amendments of the existing revenue law, many of them of a highly technical nature and designed to put an end to tax evasions, and many others dealing with the changes advocated by Mr. Mellon in income and other tax schedules.

Mr. Green made public the text of the measure after a proposal for publicity of its provisions had been the subject of a heated discussion in a sub-committee yesterday. Democratic committee members, led by Representative Garner of Texas, the ranking democrat, had insisted that the detailed provisions be laid before the public but until today the chairman had declined to comply with their demand. Mr. Green said his action finally was prompted by a knowledge that the contents of the measure were known to many outsiders.

One of the principal revisions provided in the bill is a reduction of surtax rates so that the surtax would begin at one per cent on net incomes from \$10,000 to \$12,000; would provide an additional one per cent for each additional \$2,000 up to \$35,000; one per cent additional for the next \$4,000; and would then add one per cent for each \$5,000 up to a maximum of 25 per cent on net incomes of \$100,000 or more.

The new bill also provides that the normal tax on incomes shall be 3 per cent, where it now is four per cent, and six per cent where it now is eight per cent—a reduction which the treasury estimates will result in a loss of revenue of \$91,600,000 a year.

The administrative features of the bill include a provision for creating a board of tax appeals, composed of not less than seven nor more than twenty-eight members, appointed for ten year terms at salaries of \$10,000 each by the secretary of the treasury and without senate confirmation. The board would hear and determine cases involving the assessment of taxes, but both the government and the taxpayer would be privileged to appeal the decision to the courts.

Another provision, which it is estimated will increase revenues \$8,000,000, would place tax payers of all states on the same basis regardless of state community tax laws. It stipulates that where husband and wife have a joint interest in property acquired after marriage the income from such property is to be taxed to the one having control over it. Provision also is made in the bill that 25 per cent of "earned income" which is defined as wages, salaries, and professional fees, shall be counted as exempt in computing income tax returns. The greater part of this exemption is expected to fall to those having small incomes, with the result that the treasury expects a reduction of \$97,500,000 from this section alone.

Beginning with one per cent of the amount by which the net income ex-

ceeds \$10,000 and does not exceed \$12,000, the percentage increases regularly by one per cent on \$12,000 steps until 13 per cent is the surtax on the amount by which the net income exceeds \$34,000 and does not exceed \$36,000.

Fourteen per cent is the surtax on the amount by which the net income exceeds \$36,000 and does not exceed \$40,000.

Beginning with 15 per cent on the amount of income between \$40,000 and \$45,000, the percentage then increases regularly by one per cent on \$5,000 income steps until 24 per cent is the surtax on the amount of income between \$94,000 and \$100,000.

On the amount of net income in excess of \$100,000 the surtax is 25 per cent.

SHERIFF DRUE ROGERS CLEANS UP A HANOVER GANG OF BOOTLEGGERS

Sheriff Drue Rogers of Milam county is making it hot for the bootleggers. On last Saturday he staged two raids in the Hanover community, told of as follows in a dispatch to the daily papers:

Sheriff Drue S. Rogers and Deputy Sheriff Noah Kennedy, with 13 other officers, discovered two stills, 400 gallons of mash and 6 1-2 gallons of whisky, they announced, and arrested A. Gandy, about 55, and four of his sons, ranging in age from 14 to 30. The four sons are Jim, Johnny, Dewey and Teddy. All five of the Gandy's were brought to Cameron and lodged in the jail to await examining trial.

On Friday after the trial the senior Gandy and his son, Dewey, were each released on \$1500 bond, Johnny Gandy was released on \$1000 bond and the other two sons were released without bonds.

The 13 officers who assisted Sheriff Rogers and Deputy Kennedy were from Cameron, Rockdale, Milano and Gause, two of the men from Gause being former Texas rangers. In capturing the two stills, which were on adjoining farms, 15 men divided into two groups and raided both stills at the same time. Sheriff Rogers was at the head of a group of seven and Kennedy led the group composed of eight men. The still which Sheriff Rogers discovered was near a well under ground and had a capacity of 50 gallons and at this still four 50-gallon barrels of mash were found, it was

testified.

The still which Kennedy found was located in a ravine which had been dammed up in order to catch water for use in manufacturing the liquor and the still immediately back of the dam was well equipped, was also of 50-gallon capacity. The officers found six and a half gallons of whisky and 200 gallons of mash, they testified.

A. Gandy, the father, was convicted here over a year ago on a charge of transporting liquor and was sentenced to two years in the penitentiary, but he appealed the case and it is still pending. Johnny Gandy, who was released today on \$1000 bond, was also convicted here about a year ago on a liquor charge being sentenced to one year's imprisonment in the penitentiary. His case was also appealed and is still in the higher courts.—Rockdale Reporter.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Thrift Paves the Way

The good things of life don't knock on your door—you must go out and get them. That "lucky fellow" usually is the chap who rowed just a little harder than the next fellow to achieve success and happiness.

Thrift Week gives you the opportunity to gain a firm grasp on your oars, which means that this Bank is ready to give you that helpful hand. Now is the time to act—come in and talk it over.

JANUARY THIRTY-FIRST IS LAST TAX PAYING DATE

CITY AND COUNTY TAX LIMIT
EXPIRES JAN. 31, 1924—PO-
LITICAL YEAR AHEAD.

January 31, 1924, is the last day on which taxes may be paid for city and county and the first of January reminds all who have not paid that but thirty more days remain in which you may pay taxes as provided by law without penalty.

The most important of all is the payment of poll tax receipts which also must be paid by January 31 or voting privileges will be denied in 1924, which promises to be the biggest political year in the history of the state.

The city primaries are to be held in February at which time all officers for the city including the council are to be renominated and elected in April. City dwellers may profit by bearing in mind that the last day on which taxes may be paid is January 31.

It will be a great help to the tax collector Dan Tyson for the city and Bill Alex Bonds for the county of all who have not paid so as early as possible. If the tax payers put off payment until the last day considerable difficulty will be experienced aside from the hardship it works on the collectors. However both popular and accommodating tax collectors are ready to serve the people at all times and under all circumstances.

Poll taxes are to be collected from both men and women, the recent amendment making it mandatory that women pay the same as men. All those who have reached the age of 21 years since the last tax payment date are entitled to an exemption receipt without payment.

Every citizen will want to participate in the primary elections this year and the only way the suffrage privilege may be exercised is by the payment of poll taxes.

Don't forget that January 31 is the last date for payment and go to the office of the collector and pay at once. Do not wait until the last day.

SHERIFF'S SALE.

THE STATE OF TEXAS,
County of Milam.

By virtue of a certain Writ of Execution issued out of the Honorable County Court of Milam county, on the 26th day of December 1923, by H. M. Roark, clerk of said court against Mrs. J. H. Gandy for the sum of Two Hundred Nineteen and 14-100 (\$219.14) Dollars with 10 per cent interest per annum thereon from Dec. 4th, 1923 and \$21.91 attorney's fees and costs of suit, in cause No. 4900 in said Court, styled Schiller Buick Company, a firm of which A. E. Schiller is owner and manager versus Mrs. J. H. Gandy and placed in my hands for service, I. D. S. Rogers as Sheriff of Milam county, Texas, did on the 26th day of December, 1923, levy on certain Real Estate, situated in Milam county described as follows, to-wit:

All that certain tract of land being and situated in the county of Milam and State of Texas and a part of the J. A. De Pena 11 league survey; beginning N. 51 W. 65 vrs. from the S. W. cor. of J. A. Hopkins survey for the N. E. cor. of this survey and running thence S 19 W. 840 vrs. to the S. E. cor. of Elm brs. S. 11 W. 95 vrs. and another N. 88 W. 29 vrs. thence N 71 W. 900 vrs. to a cor. a hackberry tree brs. N 64 E. vrs. and an Elm brs. N. 25 W. 3 1-2 vrs. thence N. 19 E 40 to vrs to a corner an Elm brs. S. 80 W. 4 vrs. thence N. 71 W. 420 vrs. to the creek for the SW. corner an ash brs. S 88 E. 3 vrs. and an Elm brs N. 33 7 1-2 vrs. thence up the creek with its meanders as base line 640 vrs. to a corner, thence S. 19 E. 160 vrs. to the NW. cor. an Elm brs. S 88 E. 2 vrs and another brs. N. 53 E. 3 vrs. thence S. 71 E. 1510 vrs. to the place of beginning, containing in all 100 acres of land and levied upon as the property of said Mrs. J. H. Gandy, and on the first Tuesday in February 1924, the same being the 5th day of February, 1924, at the Court House door of Milam county, in the City of Cameron, Texas between the hours of ten A. M. and four P. M., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. J. H. Gandy by virtue of said levy and said Writ of Execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 26th, day of December 1923.

D. S. ROGERS,
Sheriff of Milam County, Texas
By P. S. Graves, Deputy. 24 3t

LON A. SMITH SEEKS TO BE AT HEAD RAIL BODY

STATE COMPTROLLER FORMALLY
ONNOUNCES FOR COM-
MISSIONERSHIP.

Austin, Texas, Dec. 29.—Lon A. Smith, State Comptroller, has formally announced his candidacy for Railroad Commissioner, to fill the position formerly held by the late Allison Mayfield and now occupied by W. A. Nabors.

In making his announcement, Comptroller Smith said that he has "positive and definite ideas touching the scope and duties of the new field of political activities which he seeks at the hands of the Democratic electorate of Texas."

He says that he spent four months in the auditing division of the Railroad Commission prior to assuming the duties of the office of Comptroller, and that during these four months he became conversant with the question of rates, which, he says, is the one big question confronting the commission at all times.

The statement continues that while Comptroller for the last three years Mr. Smith has given much thought and consideration to the many questions to be solved by the commission, thinking he would become a candidate for a position on the commission at an early day. He is of the opinion that his friends throughout Texas will rally to his support, "since his service as Comptroller has met with a measure of success, and that they will be ready to promote him to an office where the term is longer and the salary is more remunerative."

Announcement is made by Mr. Smith that he will have an organization in each county in the State, which will promote his interests.

"I can not make a thorough can-

vass of the State, since my finances will not permit, and my duty to the people of Texas as Comptroller must be discharged," said Mr. Smith. "My announcement of platform principles and policies will come later. In East Texas politicians do not really begin running for office until the dogwood blooms in April, and coming from that section, I feel that this is time enough in which to make definite announcement."

THORNDALE EDITORS IN
CAMERON FRIDAY VISIT
WITH FRIENDS OF CITY.

Messrs. Terry & Norris, publishers of the Thorndale Champion were in Cameron Friday to transact business and to visit with their friends for a short while. While in the city they were guests at the Herald office.

They are most excellent gentlemen and are giving Thorndale a newspaper of which all Milam county is proud. They have been publishing the Champion for about two years and have prospered, being able to purchase a type setting machine and other equipments. They have developed the local advertising field until it yields a good return to them and benefits the town in a very large way as a trade center.

The many friends of Messrs. Terry & Norris in Cameron and over Milam county will be glad to learn of their great success as publishers of the Thorndale Champion, now one of the leading weekly papers of this section of the state and all due to the enterprise, ability and business acumen of Messrs. Terry & Norris.

We have bought about 10 cars of good heavy corn, all Oklahoma and Missouri corn, to be delivered during December and January. See us before buying and arrange to come and get it direct from the cars at right prices.

R. L. BATTE.

Chas. Mercy Moved

I have moved my Hat, Dying and Cleaning Shop to the building next door to Felix Matula & Company. I will be glad to have you call on me in my new location.

SPEED WAGON CANOPY EXPRESS \$1375 at Lansing, plus tax

Fleetness with Safety

Due to the double frame mounting of power units, chassis weight is evenly distributed for safe road balance. Safety is further insured by easy control, an unusually rugged steering gear and oversized brakes.

Fleetness, average-load-capacity, roadability and balanced goodness fit the Speed Wagon to out-economize any other commercial motor vehicle in the world, and make it adaptable to practically every line of business.

Designed and manufactured in the big Reo shops,—
not assembled. Supplied in twelve
body styles. Chassis, \$1185
at Lansing, plus tax.

REO MOTOR CAR COMPANY, Lansing, Mich.

Notice To Tax Payers:

I will visit the following places on the dates indicated for the purpose of collecting taxes, and kindly ask that every Tax Payer be prepared to meet me and pay his taxes to avoid the rush in the office.

Every young man or young woman who has reached the age of 21, after January 1st 1923, or will reach the age of 21 before the 31st of December, 1923, in order to vote, must secure an exemption certificate, which is issued without cost for the certificate, and all persons paying Poll Taxes or getting Exemption certificate must do so in person or by legal agent.

BUCKHOLTS—Saturday January 5th.

ROCKDALE—Thursday, Friday and Saturday Jan. 10-11-12

THORNDALE—Thursday, Friday, Saturday, Jan. 17-18-19.

Yours very truly,

Bill Alex Bonds

Tax Collector Milam County, Texas.

PRESBYTERIANS WILL HAVE IMPORTANT MEETING SUNDAY

Sunday morning there will be the sermon by the Rev. H. R. McFadyen as usual but in addition there will be reports from the workers on the success attained in the fall and winter drive for funds for the new church they hope to be able to break ground for this year. A good round sum has been subscribed and paid in and the whole membership will be interested in the plans for the future which will be discussed Sunday morning.

Rev. H. R. McFadyen, will leave Monday for Cotulla where he will hold a ten day meeting as a part of the Evangelistic campaign to be put on in January and February by the Presbytery of West Texas.

Rev. T. W. Currie, D. D., President of the Austin Theological Seminary of the Presbyterian church will be in Cameron on the Second Sunday of this month and will preach morning and evening.

"FORTUNE'S LAW."

Somewhere there is a father who wants his son to be a success in life—because he, perhaps himself, has always been poor; there is a mother who is struggling to give her daughter, never had any; there is a boy who is planning to do BIG THINGS in the world; and a girl who has no idea of becoming a nonentity.

We want to engage the attention of THAT father, THAT mother, THAT BOY AND THAT GIRL—for just a few minutes. Who knows but that the whole future rests on the information we have for you?

It matters not what plans or hopes you may have, a business education is the first step toward ultimate wealth, position and happiness.

Fortune isn't running around seeking people, but she has gifts to lavish upon those who pursue her intelligently. She is said to be a "Fickle dame" but, like other deities, she rules by law—the law of supply and demand.

For every capable, intelligent business man or woman the world demands, life turns out about four-incompetent, uneducated makeshifts. These failures are everywhere—burdens upon the community. We pity them and say, "poor thing, they never had a chance." Maybe not—but YOU HAVE A CHANCE. If you don't take it, you may one day be one of the "poor things" who will have forgotten that you ever had a chance.

Are you willing to let that son, that daughter—are you, young men, young women, willing and waiting to enter the business world unprepared? It is TRAINING that makes the difference between the successful and the unsuccessful. It is the TRAINED man or woman that wins in the game of life.

Fill out and mail this coupon to us and we will send you our catalogue. It will show you how easy it is to acquire the training that will make all the difference.

HEATING AND COOKING PROBLEM HAS BEEN SOLVED.

Economy and Cleanliness Features of New Bailey-Brooks Burners.

Two San Antonians, Cole Y. Bailey and Leon D. Brooks have recently brought out a new and wonderful device that generates kerosene oil into a vapor gas, eliminates dust and dirt, reduces the fuel bill, does away with all irksome duties connected with coal or wood, and can be quickly installed in any kitchen range or heating stove. The BAILEY-BROOKS BURNER CO., 405 Main Avenue, San Antonio, are looking for representatives in all parts of Texas and will send demonstrating burner free to the one who immediately accepts their agents offer. No purchase of burners required or stipulated number to be sold is necessary to obtain agency. Write today for full particulars. Requests are pouring in from all parts of the state. Their burner is "made in San Antonio" and guaranteed to give absolute satisfaction. 35-1t

TEXANS ORGANIZE BEHALF UNDERWOOD FOR PRESIDENCY.

Dallas, Jan. 1.—Organization of an executive committee by the Texas organization for the presidential candidacy of Senator Oscar W. Underwood of Alabama was perfected at a meeting here Monday. A chairman was selected for each of the thirty-

one senatorial districts in the state. The meeting adopted a resolution containing the following quotation from the national democratic platform of 1856:

"That the foundation of this union of states having been laid and its prosperity, expansion and pre-eminence exemplified in free government built upon entire freedom in matters of religious concernment and no respecter of persons in regard to rank or place of birth, no party can be justly deemed national, constitutional or in accord with American principles which bases its exclusive organization upon religious opinion and accidental birthplace."

Underwood supporters at the meeting included W. E. Lea, of Orange, the senator's campaign manager in Texas, and O. P. Gresham, Temple.

WATCH PARTY.

A Watch Party at the home of Hooks Slocumb Monday night brought the eighth grade boys and girls together for an evening of fun and frolic.

A faithful watch was kept and the new year ushered in with ceremonies befitting the event.

A refreshment treat was served by the mother hostess.

CLASS BANQUET.

The class of 1921, Yoe High school, held their fourth annual banquet Friday evening at the Bigbee house.

The decorations were in pink and green, the class colors, the outstanding feature being the date, 1921 in pink on a black ground of green at the head of the table.

Joyce Cox, president of the class was toast master.

The evening was given over to good fellowship and a vote carried to continue the annual reunions.

Covers were laid for thirty, including eighteen members of the class, Miss Tennie Mae Bass, Miss Amelia Williams, Moulton Cobb and several other guests.

Invocation, Walter Willis.

Opening address by the President. Velda Walker—"What Our Banquets Mean to Me."

Jennie Lou Bryant—"A Toast to Our Visitors."

Ben Oliver—"An Appreciation of Miss Bass."

Instruction in Art, War, and the use of Cosmetics: Moulton Cobb, Agnes Henderson, Alvin Dusek, Arthur Baskin, Charles McGehee, Wm. Isler Clark, Josephine Smith, Sue Ida Smith, Jennie Brown, Louise Denson.

MENU:

First Course—Fruit Salad, Wafers.
Second Course—Roast Turkey, Dressing, Cranberry Sauce, Giblet Gravy, Snow Potatoes, Green Olives, Hot Rolls.
Third Course—Angel Food Cake, Marshmallow Pudding, Hot Coffee.

1924 POLITICAL CALENDAR.

The political pots are just beginning to boil, and candidates present and prospective are beginning to bestir themselves. From now until the last primary, the interest will increase more and more and the voters will be the most eagerly sought after persons to be found—that is as far as the candidates are concerned. For the benefit of all interested, we publish below the principal provisions of the laws governing the holding of elections and the right to vote.

January 31.—Last day for the payment of poll taxes. Voters must either hold a poll tax receipt or an exemption certificate. Husbands or wives may register, the one for the other.

February 18 — Commissioners' Court appoints election judges.

March 10—County Tax Collector certifies poll list to County Clerk.

April 1—County Clerk certifies to county election board poll list and exemptions by precincts.

May 3—Delegates chosen by precinct convention to attend county convention which will choose delegates to State Convention, held on May 27 to elect delegates to national convention.

June 9—State executive committee certifies to county chairman names of candidates for State office and fixes date of State Convention.

June 14—Last date of filing by candidates for county and precinct offices.

June 16—County committee decides on order in which names are to appear on primary election ballot.

June 23—Last day for payment of fees by candidates.

June 26—Within not more than thirty or less than twenty-three days before the primary, candidates and their managers shall file first expense accounts.

July 14—Subcommittee for county makes up primary election ballot.

July 6—Within not more than twenty nor less than ten days before the primary, voters who desire may arrange through a notary public to cast an absent ballot.

July 16—Last day for casting of absentee ballots.

July 14—Second statement of campaign expenses must be filed under the same conditions as those governing the first statement of June 26.

July 26—Primary election day. Also Precinct Convention day for both Democrats and Republicans. Election hours, 8 a. m. to 7 p. m. On this date also begins the period, lasting until August 5, during which final statements of campaign expenses must be filed.

July 30—Last day for making of returns by election judges.

August 2—Returns canvassed by county committees.

August 3—For a period of ten days absentee voters may arrange for casting of ballots in second primary.

Expense Accounts—Candidates in the second primary must file their first expense accounts between July 26 and August 1. Between the dates August 11 and August 15, second filing of expense accounts must be made.

August 11—Commissioners' Court appoints judges of second primary.

August 23—Second primary election.—Honey Grove Citizen.

CERTIFICATE REFUSED TO ROCKDALE RAILROAD.

Austin, exas, Jan. 19.—The Texas Railroad Commission is advised that the Interstate Commerce Commission refused to grant a certificate of public necessity and convenience to the Rockdale, Sandow & Southern Railroad, which is now in operation six miles to the Rockdale lignite mines to a point on the I-G. N. Railroad. The fact that it will only have interstate business and correspondingly restricted earnings is given as the reason for not granting the interstate permit. The line, which is already in operation, will be privileged to continue as an intrastate carrier and engage exclusively in that class of business.

CAMERON-TRACY DEEP TEST WELL MAY BE GUSHER.

The deep test on the Battle lease six miles north of Cameron drilled by the Texas Petroleum Development company, is nearing the interesting stage.

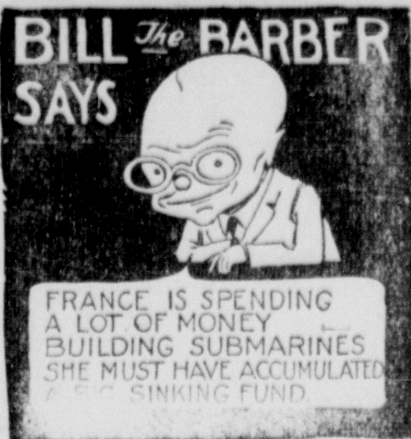

John A. Lee, field manager of the company, reports this test at 2580 feet, drilling in Eagle Ford lime, slightly stratified with shale, being 100 feet below the Austin chalk, the formation running true and splendid prospects of getting a well at 2700 feet, or thereabouts.

Mr. Lee reports on his operations in the Cameron-Minerva field that No. 7 Neihaus, is waiting for casing and Phillips No. 2, spudded in Thursday.

This company have five shallow wells on the Neihaus that are making about 25 barrels daily. One well, nearest the creek, is to be plugged, on account of small production, but possibly will be reopened in view of the advance of crude.

LARGE WOLF TRAPPED BY MARLIN FARMERS

Marlin, Jan. 19.—A large gray wolf was captured on the T. W. Handers farm, six miles north of Marlin, early Tuesday morning by John Rachul and Berthold, his brother who set a steel trap for the animal and baited

it with a coop full of live chickens. The animal was brought to Marlin and is on exhibition at Scheef brothers' garage on Live Oak street; it is said to be one of the largest ever seen in this section. The Rachul boys had heard the howling of the wolf for several nights and decided to try to catch it. They hit on the plan of baiting their trap with live chickens, which proved too enticing for the wily wolf. The fact that it was captured in so thickly settled a community is considered a rarity.

BALLOTS BURNED IN TRAVIS COUNTY.

Austin, Texas, Jan. 19.—Travis county ballots will not be available for examination in the Peddy-Mayfield United States senatorial contest.

These ballots, together with all others cast in the election, were destroyed last October. They were burned by the janitor of the county court house during the course of cleaning up the building.

FOR SALE—One block on Hefley Heights, a beautiful site for a nice home. Will sell all or part. 32-2t P. L. Bergum.

NOTICE IN PROBATE. THE STATE OF TEXAS. To the Sheriff or any Constable of Milam County—GREETING: You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year, preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

The NEW ESSEX A SIX

Built by Hudson Under Hudson Patents

The smoothness and long life for which Hudson is famous is now shared by Essex. It is an important advantage to bear in mind.

So also is the fact that the Essex "Six" possesses other notable Hudson qualities. It has the same type clutch, the same axles, the same provisions for long life and easy care of all working parts. Essex reliability is retained. Essex economy of fuel, oil and tires is greatly enhanced.

We ask this test—take a ride.

You will enjoy it—that's certain. See how handling is simplified. Starts at the touch of your toe. Steers easily as a bicycle. And how easy gears shift. Easy to park too. Its low center of gravity makes safe and comfortable driving on all roads at all speeds.

Simple to keep in first class condition. Requires little attention. Lubrication for the most part is done with an oil can.

You, too, will say: "the New Essex provides ideal transportation."

A 30 Minute Ride Will Win You

"Our Family Medicine"

I WILL WRITE you in regard to Black-Draught liver medicine, as I have been using it more than 18 years," says a letter from Mr. S. F. Mintz, of R. F. D. 2, Leland, N. C. "I keep it in my home all the time, for it is mostly our family medicine. When we begin to feel feverish or sluggish, with trouble from the liver or stomach, we take a dose of Thedford's Black-Draught and the trouble is soon over. I mostly buy a dollar package at a time, and it has saved me many a bill." Thedford's Black-Draught is a purely vegetable remedy, acting on the liver, stomach and bowels. It is made from selected herbs and roots, and contains no calomel or other mineral drugs. It has been found of great value, in indigestion, stomach trouble, sick headache, constipation, and lazy liver, helping to relieve the symptoms caused by these troubles, and to put the digestive system into proper working order. Get a package of Black-Draught liver medicine from your druggist or dealer, today. Be sure to get the genuine—Thedford's.

BLACK-DRAUGHT

A Purely Vegetable Liver Medicine

McADOO FORCES LINE UP FOR VICTORY AT PRIMARY

CATO SELLS PLEADS FOR INSTRUCTED DELEGATION TO NEW YORK.

Cato Sells, McAdoo manager for Texas, gives out the following statement in favor of an instructed delegation from Texas to the 1924 Democratic National Convention:

From 1789 to 1800 our presidential candidates were selected by common consent. From 1800 to 1820 candidates were chosen by congressional caucus. With the exception of a brief four-year period during the first thirty-six years of the Republic Presidents were chosen from old Virginia families, and presidential electors were generally selected by the various state legislatures.

In the early part of 1823 a group of Tennessee pioneers assembled in mass meeting at Maysville, Blount County, Tenn. At that mass meeting resolutions were adopted condemning property qualification for voters, asserting that it was the right and prerogative of American citizens to nominate presidential candidates and that the selection of presidential electors should be taken away from the state legislatures and placed in the hands of the people. This mass meeting nominated Andrew (Old Hickory) Jackson for the presidency.

By 1828, as an outgrowth of the Blount County mass meeting, nearly all of the states selected their presidential electors by vote of the people and that year Andrew Jackson was elected President of the United States. From the time of the Blount County mass meeting dates the growth of active participation of the people in nominating candidates for the presidency.

As years have come and gone the people have become more generally informed and have increasingly asserted their prerogatives until today we have the party primary system and in many states the presidential preference primary. The sentiment in favor of personal expression became so general and pronounced that the federal constitution was amended and we are now electing United States Senators by direct vote of the people.

Our Government is not only a government of and for the people, but is, and of right should be, a government by the people. Granting that the people have the right to choose their officials from the humblest to the highest, then we submit that in order to effectively express their will it becomes necessary that they begin at the precinct primary where they have immediate power in the selection of delegates and instruct their representatives to the county convention, likewise to the state convention, and there, in harmony with previous action, the state delegates to the national convention should be instructed, otherwise there can be no certain expression of the voter who is not personally present at the several conventions necessary in the machinery of a presidential nomination.

There have always been a few people in our country who hold to the Tory belief that the people are not capable of self government, or sufficiently intelligent to participate in

the selection of candidates for the office of President. I have full faith in the patriotism and intelligence of the people and am willing to abide their decision. No group of men, unwilling to trust the people in the selection of presidential candidates, is worthy of their trust and confidence. I prefer to risk the judgment of the people. Unquestionably it is the right of the people to nominate their candidates for office and in order to make their will effective it is imperatively necessary for them to begin with their first opportunity—the precinct primary—and thus insure like procedure all the way through to the national convention.

There is no certainty of dependable expression of the people's will other than through instructions emanating from them and consistently followed up. The people's judgment is apt to be unbiased, patriotic and uninfluenced by the desire of personal preferment; they are usually moved by the highest impulses.

An uninstructed delegation means nothing more to the folks at home than the surrender of their rights to be used by others as may best serve their own purpose. Often uninstructed delegations become trading stock and frequently, so far as the people are concerned, contradictory of their wish and will.

The Texas delegation to the Baltimore Convention was the direct result of instructions beginning with the precinct primary—the very essence of Democratic institutions. Let's do it again. This time for the former Secretary of the Treasury. He will make a great President. We can win with McAdoo.

WANTED—10 to 25 acres of improved land, preferred within 3 miles of Hearne or Cameron. All or part cash. What have you.
D. D. Payne, Taylor, Texas.

THE STATE OF TEXAS.

To all Persons interested in the Estate of Joseph Zapalac, Sr., Deceased:

T. F. Criswell, Administrator, of the Estate of said Estate of Joseph Zapalac, Sr., deceased has filed in the County Court of Milam County his Final Account of the condition of said estate, together with an applica-

tion to be discharged as Administrator thereof, which will be heard by said court on the First Monday in February A. D. 1924, same being the 4th day of February, A. D. 1924, at the Court House of said Milam County in Cameron, at which time and place all persons interested in said estate are requested to appear and contest said Final Account and application if they see proper.

Witness H. M. Roark, Clerk of the County Court of Milam County.

Given under my hand and the seal of said Court, at my office in Cameron on this 8th day of January A. D. 1924.

H. M. ROARK,
Clerk County Court, Milam County, Texas.

By J. O. Hughes, Deputy 36-41

NOTICE IN PROBATE.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the welfare of Walter Nash Burns, a mi-

nor, Mrs. Lizzie Burns, has filed an application in the County Court of Milam County, on the 11th day of October 1922, for the guardianship of the estate of said Walter Nash Burns, a minor, which said application will be heard by said Court on the 4th day February 1924, at the court house of said county, in Cameron, Texas, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron, Texas, this 12th day of January 1924.

H. M. ROARK, Clerk,
County Court, Milam County, Texas.

Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

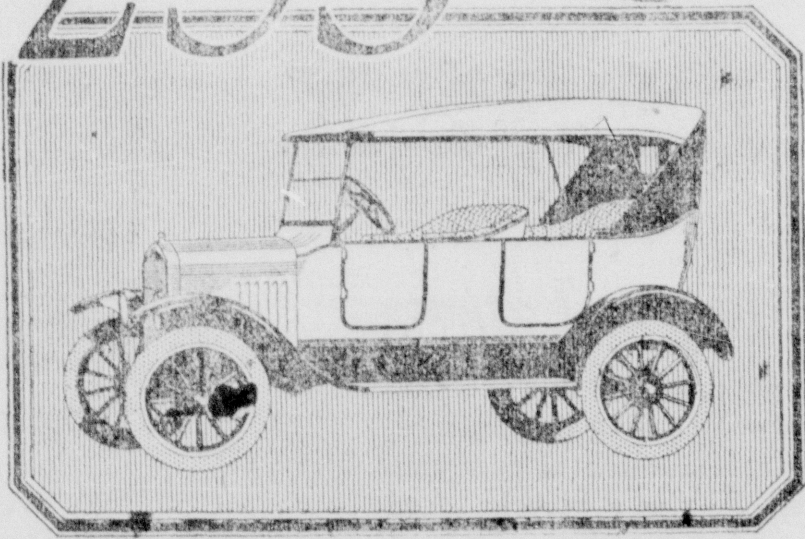

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

MAGNUS JOHNSON PRACTICES FOR PENDING WOOD CUTTING CONTEST.

Senator Magnus Johnson, having been defeated in the milking contest by Secretary of Agriculture Wallace, has decided to get into top

notch form so as not to be beaten in the wood cutting contest to which he challenged Secretary Wallace after the milking contest. Photo shows Senator Johnson and Senator Lynn J. Frazier of North Dakota, practicing wood cutting in Washington.

STRONG MAN WONDER SUPPORTS MOTOR TRACK WEIGHING 3,500 POUNDS.

In an effort to bring more forcibly to the public that he demonstrates real human strength in his past marvelous feats of tearing pains apart and twisting iron of such thickness, Sigmund Breitbart, the Polish strong man gave a private exhibition today on the stage of the Hippodrome, to a gathering of newspaper reporters and cameramen. Photo shows one of the feats performed for the audience. The Pole is depicted supporting a motor track weighing 3,500 pounds on his chest. His motor-drome is 30 feet in diameter. The latest idea to portray to the public the strength that Breitbart is capable of.

MINORITY DEMANDS?

Disabled and incapacitated veterans of the World War in this country are entitled to every consideration, moral and financial, from both government and private sources. It is not to be regarded as an act of charity or as a gratuity, but as a duty toward a fellow man who suffered in mind and body because of service to his country. Whatever the cost, it will be forthcoming without stint. Just what effect the movement providing for a general soldiers' bonus for uninjured men will have on the relation to rehabilitation for disabled veterans cannot now be estimated. The view is held in many

service man for whom a bonus is sought. What bonus beneficiary, able-bodied and alive, would relish the idea of his dead comrade's parents paying the tax to provide him with his bonus proportion?

WHY TYLER COMMERCIAL COLLEGE APPEALS TO YOUNG FOLKS.

Would you employ a laundress to make a party dress for you? Or a blacksmith to find that knock in your roadster? No! Neither does a business man employ a house-maid to attend to his correspondence, or a mechanic to keep his books. When he looks for people to do a certain type of work, he wants those people to be trained for their particular job. He wants those people to be trained for their particular job. He wants SPECIALISTS. If you don't make a specialty of some one thing you are pretty much out of the running.

That is why so many boys and girls who want to enter the Business World are enrolling in Tyler Commercial College. They realize that there is an urgent demand for trained men and women, and it is just a question of learning something superlatively well and commanding a splendid position with commensurate salary, or following the line of least resistance and seeing yourself outdistanced by others who had more ambition and more stamina.

Tyler Commercial College is the largest business school in America and its graduates are sought after by business concerns that insist on well-trained employees. We have no trouble in finding positions for our capable graduates.

A course in Bookkeeping, Short-hand, Cotton Classing, Business Administration and Finance, Penmanship, Telegraphy, Wireless Telegraphy, Wireless Telegraphy and Radio or Banking will put you in a position to command a better salary than you are now capable of earning and it will also fit you to hold an intelligent and important position in the business world.

Fill in and mail the following blank to us for one of our large free catalogues. This will not obligate you in any way, but will give detailed

information that may be of great value.

PRESBYTERIANS WILL HAVE IMPORTANT MEETING SUNDAY

Sunday morning there will be the sermon by the Rev. H. R. McFadyen as usual but in addition there will be reports from the workers on the success attained in the fall and winter drive for funds for the new church they hope to be able to break ground for this year. A good rough sum has been subscribed and paid in and the whole membership will be interested in the plans for the future which will be discussed Sunday morning.

Rev. H. R. McFadyen, will leave Monday for Cotulla where he will hold a ten day meeting as a part of the Evangelistic campaign to be put on in January and February by the Presbytery of West Texas.

Rev. T. W. Currie, D. D., President of the Austin Theological Seminary of the Presbyterian church will be in Cameron on the Second Sunday of this month and will preach morning and evening.

"FORTUNE'S LAW."

Somewhere there is a father who wants his son to be a success in life—because he, perhaps himself, has always been poor; there is a mother who is struggling to give her daughter, never had any; there is a boy who is planning to do BIG THINGS in the world; and a girl who has no idea of becoming a nonentity.

We want to engage the attention of THAT father, THAT mother, THAT BOY AND THAT GIRL—for just a few minutes. Who knows but that the whole future rests on the information we have for you?

It matters not what plans or hopes you may have, a business education is the first step toward ultimate wealth, position and happiness.

Fortune isn't running around seeking people, but she has gifts to lavish upon those who pursue her intelligently. She is said to be a "Fickle dame" but, like other deities, she rules by law—the law of supply and demand.

For every capable, intelligent business man or woman the world demands, life turns out about four-in-compent, uneducated makeshifts. These failures are everywhere—burdens upon the community. We pity them and say, "poor thing, they never had a chance." Maybe not—but YOU HAVE A CHANCE. If you don't take it, you may one day be one of the "poor things" who will have forgotten that you ever had a chance.

Are you willing to let that son, that daughter—are you, young men, young women, willing and waiting to enter the business world unprepared? It is TRAINING that makes the difference between the successful and the unsuccessful. It is the TRAINED man or woman that wins in the game of life.

Fill out and mail this coupon to us and we will send you our catalogue. It will show you how easy it is to acquire the training that will make all the difference.

See Editor of this paper for Scholarship.

HEATING AND COOKING PROBLEM HAS BEEN SOLVED.

Economy and Cleanliness Features of New Bailey-Brooks Burners.

Two San Antonians, Cole Y. Bailey and Leon D. Brooks have recently brought out a new and wonderful device that generates kerosene oil into a vapor gas, eliminates dust and dirt, reduces the fuel bill, does away with all irksome duties connected with coal or wood, and can be quickly installed in any kitchen range or heating stove. The BAILEY-BROOKS BURNER CO., 405 Main Avenue, San Antonio, are looking for representatives in all parts of Texas and will send demonstrating burner free to the one who immediately accepts their agents offer. No purchase of burners required or stipulated number to be sold is necessary to obtain agency. Write today for full particulars. Requests are pouring in from all parts of the state. Their burner is "made in San Antonio" and guaranteed to give absolute satisfaction. 35-11

TEXANS ORGANIZE BEHALF UNDERWOOD FOR PRESIDENCY.

Dallas, Jan. 1.—Organization of an executive committee by the Texas organization for the presidential candidacy of Senator Oscar W. Underwood of Alabama was perfected at a meeting here Monday. A chairman was selected for each of the thirty-

one senatorial districts in the state. The meeting adopted a resolution containing the following quotation from the national democratic platform of 1856:

"That the foundation of this union of states having been laid and its prosperity, expansion and pre-eminence exemplified in free government built upon entire freedom in matters of religious concernment and no respecter of persons in regard to rank or place of birth, no party can be justly deemed national, constitutional or in accord with American principles which bases its exclusive organization upon religious opinion and accidental birthplace."

Underwood supporters at the meeting included W. E. Lea, of Orange, the senator's campaign manager in Texas, and O. P. Gresham, Temple.

WATCH PARTY.

A Watch Party at the home of Hooks Slocomb Monday night brought the eighth grade boys and girls together for an evening of fun and frolic.

A faithful watch was kept and the new year ushered in with ceremonies befitting the event.

A refreshment treat was served by the mother hostess.

CLASS BANQUET.

The class of 1921, Yoe High school, held their fourth annual banquet Friday evening at the Bigbee house.

The decorations were in pink and green, the class colors, the outstanding feature being the date, 1921 in pink on a back ground of green at the head of the table.

Joyce Cox, president of the class was toast master.

The evening was given over to good fellowship and a vote carried to continue the annual reunions.

Covers were laid for thirty, including eighteen members of the class, Miss Tennie Mae Bass, Miss Amelia Williams, Moulton Cobb and several other guests.

Invocation, Walter Willis. Opening address by the President. Velda Walker—"What Our Banquets Mean to Me." Jennie Lou Bryant—"A Toast to Our Visitors." Ben Oliver—"An Appreciation of Miss Bass."

Instruction in Art, War, and the use of Cosmetics: Moulton Cobb, Agnes Henderson, Alvin Dusek, Arthur Baskin, Charles McGehee, Wm. Isler Clark, Josephine Smith, Sue Ida Smith, Jennie Brown, Louise Denson.

MENU:

First Course—Fruit Salad, Wafers. Second Course—Roast Turkey, Dressing, Cranberry Sauce, Giblet Gravy, Snow Potatoes, Green Olives, Hot Rolls. Third Course—Angel Food Cake, Marshmallow Pudding, Hot Coffee.
